TransCanada Corporation (“TCC”) is currently the sole shareholder of TCPL and TCC and TCPL will covenant for the benefit of holders of the Trust Notes — Series 2017-A (the “Dividend Stopper Undertaking”) that, in the event of a Deferral Event (as defined herein) in respect of the Trust Notes — Series 2017-A, TCPL will not declare dividends of any kind on any of the TCPL Preferred Shares (as defined herein) or, if no TCPL Preferred Shares are outstanding, any of the TCPL Common Shares (as defined herein and together with the TCPL Preferred Shares, the “TCPL Dividend Restricted Shares”) and TCC will not declare dividends of any kind on any of the TCC Preferred Shares (as defined herein) or, if no TCC Preferred Shares are outstanding, any of the TCC Common Shares (as defined herein and together with the TCC Preferred Shares, the “TCC Dividend Restricted Shares”) and collectively with the TCPL Dividend Restricted Shares, the “Dividend Restricted Shares”) from the relevant Deferral Date (as defined herein) until the month following the first day on which, after TCPL Deferral Preferred Shares have been issued, no TCPL Deferral Preferred Shares are outstanding (the “Dividend Declaration Resumption Month”).

It is in the interest of TCPL and TCC to ensure, to the extent within their control, that the Trust pays the interest to holders of the Trust Notes — Series 2017-A in cash on each Series 2017-A Interest Payment Date so as to avoid triggering the Dividend Stopper Undertaking. See “Description of the Trust Securities — Trust Notes — Series 2017-A — Dividend Stopper Undertaking” and “Risk Factors”.

The Trust Notes — Series 2017-A, including accrued and unpaid interest thereon, will be exchanged automatically (the “Automatic Exchange”), without the consent of the holders thereof, for the right to be issued newly-issued TCPL Exchange Preferred Shares (as defined herein) upon the occurrence of an Automatic Exchange Event (as defined herein), which right will be immediately and automatically exercised. Following the Automatic Exchange, holders of the Trust Notes — Series 2017-A immediately prior to the Automatic Exchange will cease to have any claim or entitlement for interest or principal against the Trust or any other rights as holders of the Trust Notes — Series 2017-A, including under the guarantee by TCPL. Holders of the Trust Notes — Series 2017-A will individually be bound by the Automatic Exchange, acting through the Exchange Trustee, on the basis contemplated by the Share Exchange Agreement. As the events that give rise to an Automatic Exchange are bankruptcy and related events, it is in the interest of TCPL to ensure that an Automatic Exchange does not occur, although the events that could give rise to an Automatic Exchange, namely the occurrence of an Automatic Exchange Event, may be beyond the control of TCPL. See “Description of the Trust Securities — Trust Notes — Series 2017-A — Automatic Exchange”, “Description of TCPL Exchange Preferred Shares and TCPL Deferral Preferred Shares” and “Risk Factors”.

On each Series 2017-A Interest Payment Date in respect of which a Deferral Event has occurred in respect of the Trust Notes — Series 2017-A (each a “Deferral Date”), interest payable on Trust Notes — Series 2017-A will be applied on behalf of holders of Trust Notes — Series 2017-A to acquire a new series of TCPL Preferred Shares (in any case, the “TCPL Deferral Preferred Shares”). A new series of TCPL Deferral Preferred Shares will be issued in respect of each Deferral Date. The subscription amount of each TCPL Deferral Preferred Share will be an amount equal to U.S.\$1,000 and the number of TCPL Deferral Preferred Shares (including fractional shares, if applicable) subscribed for on each Deferral Date will be calculated by dividing the amount of the interest payment on the Trust Notes — Series 2017-A on the applicable Deferral Date, by U.S.\$1,000. See “Description of the Trust Securities — Trust Notes — Series 2017-A — Deferral Right”.

On or after March 15, 2027, the Trust may, at its option or at the direction of TCPL, redeem the Trust Notes — Series 2017-A in whole at any time or in part from time to time on any Series 2017-A Interest Payment Date and on not less than 30 days nor more than 60 days prior notice to the holders of the Trust Notes — Series 2017-A, without the consent of such holders, at a redemption price per U.S.\$1,000 principal amount of the Trust Notes — Series 2017-A equal to par, together with accrued and unpaid interest to, but excluding, the date fixed for redemption. See “Description of the Trust Securities — Trust Notes — Series 2017-A — Trust Redemption Right”.

The Trust Notes — Series 2017-A may be purchased, in whole or in part, by the Trust, at the direction of TCPL, in the open market or by tender or private contract. Trust Notes — Series 2017-A purchased by the Trust shall be cancelled and not reissued. The purchase price payable by the Trust will be paid in cash.

Upon the occurrence of, or at any time following the occurrence of, a Rating Event (as defined herein) or a Tax Event (as defined herein), the Trust may, at its option, redeem all (but not less than all) of the Trust Notes —

Series 2017-A at a redemption price per U.S.\$1,000 principal amount of the Trust Notes — Series 2017-A equal to par (in the case of a Tax Event) and par plus \$20 (in the case of a Rating Event), together with accrued and unpaid interest to, but excluding, the date fixed for redemption. See “Description of the Trust Securities — Trust Notes — Series 2017-A — Redemption on Rating Event or Tax Event”.

It is expected that the Trust Assets will be acquired primarily from TCPL and/or its affiliates and shall consist of the TCPL Sub Notes and investments from the proceeds thereof. TCPL will act as Administrative Agent to the Trust. See “The Trust — The Administrative Agent”.

The Trust Notes — Series 2017-A have been structured with the intention of achieving Basket “C” Equity Treatment from Moody’s and “Intermediate Equity Credit” from S&P. On each Series 2017-A Interest Payment Date in respect of which a Deferral Event has occurred in respect of the Trust Notes — Series 2017-A, interest payable on Trust Notes — Series 2017-A will be applied on behalf of holders of Trust Notes — Series 2017-A to acquire a new series of TCPL Deferral Preferred Shares. This investment will be effected by the Indenture Trustee (as defined herein) subscribing for such shares for and on behalf of the holders of the Trust Notes — Series 2017-A. See “Description of the Trust Securities — Trust Notes — Series 2017-A — Deferral Right”. In addition, upon the occurrence of an Automatic Exchange Event, the Trust Notes — Series 2017-A will be exchanged automatically for the right to be issued newly issued TCPL Exchange Preferred Shares. In such event and in the circumstances described in the next paragraph, former holders of the Trust Notes — Series 2017-A would rank as preferred shareholders of TCPL in a liquidation of TCPL. See “Description of the Trust Securities — Trust Notes — Series 2017-A — Automatic Exchange”.

An investment in Trust Notes — Series 2017-A could be replaced in certain circumstances, without the consent of the holder, by TCPL Exchange Preferred Shares and holders of the Trust Notes — Series 2017-A may be required in certain circumstances to apply interest payable on their Trust Notes — Series 2017-A to acquire TCPL Deferral Preferred Shares. You should therefore carefully consider the disclosure with respect to TCPL, the TCPL Exchange Preferred Shares and the TCPL Deferral Preferred Shares included and incorporated by reference in this prospectus. An investment in Trust Notes — Series 2017-A is subject to certain risks. See “Risk Factors”.

The Underwriters (as defined herein), as principals, conditionally offer the Trust Notes — Series 2017-A in the U.S., subject to prior sale if, as and when issued by the Trust and accepted by the Underwriters in accordance with the conditions contained in the Underwriting Agreement referred to under “Underwriting”, and subject to the approval of certain legal matters on behalf of the Trust and TCPL by their Canadian legal counsel, Blake, Cassels & Graydon LLP, and Canadian tax counsel, Stikeman Elliott LLP and by their U.S. legal counsel Mayer Brown LLP and on behalf of the Underwriters by their Canadian legal counsel Norton Rose Fulbright Canada LLP and by their U.S. legal counsel Paul, Weiss, Rifkind, Wharton & Garrison LLP. This prospectus also qualifies for distribution the Automatic Exchange, the Deferral Event Subscription (as defined herein) and the Subscription Right (as defined herein).

- (2) The Underwriting commission will be paid by the Trust from the gross proceeds of the Offering.
- (3) The Offering expenses of the Trust, other than the Underwriting commission, are estimated to be U.S.\$2,500,000 and will be paid by the Trust from cash on hand and funds borrowed under the Credit Facility. See “The Trust — Liquidity”.

In connection with the Offering, the Underwriters or agents may over-allot or effect transactions which stabilize or maintain the market price of the Trust Notes — Series 2017-A offered at a level above that which might otherwise prevail in the open market. Such transactions, if commenced, may be discontinued at any time. The Underwriters propose to offer the Trust Notes — Series 2017-A initially at the offering price specified above. After a reasonable effort has been made to sell all of the Trust Notes — Series 2017-A at the price specified, the Underwriters may reduce the selling price to investors from time to time in order to sell any of the Trust Notes — Series 2017-A remaining unsold. Any such reduction will not affect the proceeds received by the Trust. See “Underwriting”.

Subscriptions for the Trust Notes — Series 2017-A will be received by the Underwriters subject to rejection or allotment in whole or in part and the right is reserved to close the subscription books at any time without notice. It is expected that the Closing Date will be on or about March 2, 2017 or such later date as the Trust, TCPL and the Underwriters may agree, but in any event not later than March 15, 2017. The Trust Notes — Series 2017-A will be issued in “book-entry only” form and, accordingly, physical certificates representing Trust Notes — Series 2017-A will not be available except in limited circumstances. See “Description of the Trust Securities — Trust Notes — Series 2017-A — Book-Entry Only Form”.

There is no market through which the Trust Notes — Series 2017-A may be sold and purchasers may not be able to resell the Trust Notes — Series 2017-A purchased under this prospectus. This may affect the pricing of the Trust Notes — Series 2017-A in the secondary market, the transparency and availability of trading prices, the liquidity of the Trust Notes — Series 2017-A, and the extent of issuer regulation. See “Risk Factors”.

Investing in the Trust Notes — Series 2017-A involves risk. See “Risk Factors”.

In addition to the 2017 TCPL Sub Notes, the Trust may acquire other Trust Assets from time to time.

Deferral Right:

Pursuant to the Assignment and Set-Off Agreement, on each Series 2017-A Interest Payment Date in respect of which a Deferral Event has occurred (each a “Deferral Date”) in respect of the Trust Notes — Series 2017-A, interest payable on Trust Notes — Series 2017-A will be applied on behalf of holders of Trust Notes — Series 2017-A to acquire TCPL Deferral Preferred Shares. A new series of TCPL Deferral Preferred Shares will be issued in respect of each Deferral Date. The subscription amount of each TCPL Deferral Preferred Share will be an amount equal to U.S.\$1,000, and the number of TCPL Deferral Preferred Shares subscribed for on each Deferral Date (including fractional shares, if applicable) will be calculated by dividing the amount of the interest payment on the Trust Notes — Series 2017-A on the applicable Deferral Date, by U.S.\$1,000. For greater certainty, whether or not a Deferral Event has occurred in respect of a particular Series 2017-A Interest Payment Date will be determined prior to the commencement of the Series 2017-A Interest Period ending on the day immediately preceding such Series 2017-A Interest Payment Date.

A Deferral Event in respect of the Trust Notes — Series 2017-A will occur in circumstances where: (i) TCPL has failed to declare cash dividends on all of the outstanding TCPL Preferred Shares, if any, consistent with TCPL’s dividend practice in effect from time to time with respect to TCPL Preferred Shares (other than a failure to declare dividends on such shares during a Dividend Restricted Period) in each case in the last 90 days preceding the commencement of the Series 2017-A Interest Period ending on the day preceding the relevant Series 2017-A Interest Payment Date (a “Missed Dividend

Deferral Event”); or (ii) TCPL elects, at its sole option, prior to the commencement of the Series 2017-A Interest Period ending on the day preceding the relevant Series 2017-A Interest Payment Date, that holders of the Trust Notes — Series 2017-A apply interest paid on such Trust Notes — Series 2017-A on the relevant Series 2017-A Interest Payment Date to acquire TCPL Deferral Preferred Shares (an “Other Deferral Event”). There is no limit on the number of Deferral Events that may occur.

Upon a Deferral Event, TCPL reserves the right not to issue TCPL Deferral Preferred Shares to an Ineligible Person. In such circumstances, the Indenture Trustee will hold all TCPL Deferral Preferred Shares, which would otherwise be delivered to Ineligible Persons, as agent for Ineligible Persons, and the Indenture Trustee will attempt to sell such TCPL Deferral Preferred Shares (to parties other than TCPL and its affiliates) on behalf of the Ineligible Persons. See “Description of the Trust Securities — Trust Notes — Series 2017-A — Deferral Right”.

Dividend Stopper

Undertaking:

Pursuant to an Assignment and Set-Off Agreement among the Trust, TCPL, TransCanada Corporation (“TCC”) and the Indenture Trustee (the “Assignment and Set-Off Agreement”), TCC and TCPL will covenant for the benefit of holders of the Trust Notes — Series 2017-A that, in the event of a Deferral Event, in the period commencing on the relevant Deferral Date to, but excluding, the first day of the applicable Dividend Declaration Resumption Month (as defined herein): (i) neither TCC nor TCPL will declare dividends of any kind on any of the Dividend Restricted Shares, as applicable; and (ii) neither TCC, TCPL nor any subsidiary of TCC or TCPL may redeem any Dividend Restricted Shares (other than TCPL Deferral Preferred Shares) or make any payment to holders of any of the Dividend Restricted Shares in respect of dividends not declared or paid on such Dividend Restricted Shares, and neither TCC nor TCPL nor any subsidiary of TCC or TCPL may purchase any Dividend Restricted Shares. **It is in the interest of TCPL and TCC to ensure, to the extent within their control, that the Trust pays the interest to holders of the Trust Notes — Series 2017-A in cash on each Series 2017-A Interest Payment Date so as to avoid triggering the Dividend Stopper Undertaking.** See “Description of the Trust Securities — Trust Notes — Series 2017-A — Dividend Stopper Undertaking” and “Risk Factors”.

TCPL Deferral Preferred

Shares:

The TCPL Deferral Preferred Shares will carry the right to receive fixed quarterly cumulative preferential cash dividends, if, as and when declared by the Board of Directors, subject to the *Canada Business Corporations Act*, at the Perpetual Preferred Share Rate, subject to any applicable withholding tax. The TCPL Deferral Preferred Shares would rank *pari passu* with other outstanding first preferred shares of TCPL, if any. See “Description of TCPL Exchange Preferred Shares and TCPL Deferral Preferred Shares”.

Automatic Exchange:

The Trust Notes — Series 2017-A, including accrued and unpaid interest thereon, will be exchanged automatically (the “Automatic Exchange”), without the consent of the holder thereof, for the right to be issued newly issued TCPL Exchange Preferred Shares upon the occurrence of: (i) the making by TCC or TCPL of a general assignment for the benefit of its creditors or a proposal (or the filing of a notice of its intention to do so) under the *Bankruptcy and Insolvency Act* (Canada), (ii) any proceeding instituted by TCC or TCPL seeking to adjudicate it a bankrupt or insolvent or seeking liquidation, winding up, dissolution, reorganization, arrangement, adjustment, protection, relief or composition of its debts under any law relating to bankruptcy, insolvency or reorganization, or seeking the entry of an order for the appointment of a receiver, interim receiver, trustee or other similar official for TCC or TCPL or any substantial part of its property and assets in circumstances where TCC or TCPL, as applicable, is adjudged a bankrupt or insolvent, (iii) a receiver, interim receiver, trustee or other similar official is appointed over TCC or TCPL or for any substantial part of its property and assets by a court of competent jurisdiction in circumstances where TCC or TCPL, as applicable, is adjudged a bankrupt or insolvent; or (iv) any proceeding is instituted against TCC or TCPL seeking to adjudicate it a bankrupt or insolvent or seeking liquidation, winding up, dissolution, reorganization, arrangement, adjustment, protection, relief or composition of its debts under any law relating to bankruptcy, insolvency or reorganization, or seeking the entry of an order for the appointment of a receiver, interim receiver, trustee or other similar official for TCC or TCPL or any substantial part of its property and assets in circumstances where TCC or TCPL, as applicable, is adjudged a bankrupt or insolvent, and either such proceeding has not been stayed or dismissed within 60 days of the institution of any such proceeding or the actions sought in such proceedings occur, including the entry of an order for relief against TCC or TCPL or the appointment of a receiver, interim receiver, trustee, or other similar official for it or for any substantial part of its property and assets (each, a “Automatic Exchange Event”). The Automatic Exchange shall occur as of 8:00 a.m. (Eastern time) (the “Exchange Time”) on the date that an Automatic Exchange Event occurs. Pursuant to a Share Exchange Agreement between the Trust, TCPL and the Exchange Trustee (the “Share Exchange Agreement”), the holders of the Trust Notes — Series 2017-A will receive the right to be issued one TCPL Exchange Preferred Share for each U.S.\$1,000 principal amount of Trust Notes — Series 2017-A together with the number of TCPL Exchange Preferred Shares (including fractional shares, if applicable) calculated by dividing the amount of accrued and unpaid interest, if any, on the Trust Notes — Series 2017-A to, but excluding, the date the Automatic Exchange Event occurs, by U.S.\$1,000, which right will be immediately and automatically exercised. Following the Automatic Exchange, holders of the Trust Notes — Series 2017-A immediately prior to the Automatic Exchange will cease to have any

claim or entitlement to interest or principal against the Trust or any other rights as holders of the Trust Notes — Series 2017-A, including under the subordinated guarantee by TCPL. Holders of the Trust Notes — Series 2017-A will individually be bound by the Automatic Exchange, acting through the Exchange Trustee, on the basis contemplated by the Share Exchange Agreement.

Upon an Automatic Exchange, TCPL reserves the right not to issue TCPL Exchange Preferred Shares to an Ineligible Person. In such circumstance, the Exchange Trustee will hold all TCPL Exchange Preferred Shares, which would otherwise be delivered to Ineligible Persons, as agent for Ineligible Persons and the Exchange Trustee will attempt to sell such TCPL Exchange Preferred Shares (to parties other than TCPL and its affiliates) on behalf of such Ineligible Persons.

If, following the occurrence of an Automatic Exchange Event, any Trust Notes — Series 2017-A remain outstanding and are not owned by TCPL or an affiliate of TCPL, the Trust will redeem each U.S.\$1,000 principal amount of Trust Notes — Series 2017-A not so owned for consideration consisting of one TCPL Exchange Preferred Share together with the number of TCPL Exchange Preferred Shares (including fractional shares, if applicable) calculated by dividing the amount of accrued and unpaid interest, if any, on such Trust Notes — Series 2017-A to, but excluding, the date the Automatic Exchange Event occurs, by U.S.\$1,000. **It is in the interests of TCPL to ensure that an Automatic Exchange does not occur, although the events that could give rise to an Automatic Exchange, namely the occurrence of an Automatic Exchange Event, may be beyond TCPL’s control.**

See “Description of the Trust Securities — Trust Notes — Series 2017-A — Automatic Exchange”, “Description of the TCPL Exchange Preferred Shares and TCPL Deferral Preferred Shares” and “Risk Factors”.

TCPL Exchange Preferred

Shares:

The TCPL Exchange Preferred Shares will carry the right to receive fixed quarterly cumulative preferential cash dividends, if, as and when declared by the Board of Directors, subject to the *Canada Business Corporations Act*, at the Perpetual Preferred Share Rate, subject to any applicable withholding tax. The TCPL Exchange Preferred Shares would rank *pari passu* with other outstanding first preferred shares of TCPL, if any. See “Description of TCPL Exchange Preferred Shares and TCPL Deferral Preferred Shares”.

Trust Redemption Right:

On or after March 15, 2027, the Trust may, at its option, or at the direction of TCPL, on giving not more than 60 nor less than 30 days’ notice to the holders of the Trust Notes — Series 2017-A, redeem the Trust Notes — Series 2017-A, in whole at any time or in part from time to time on any Series 2017-A Interest Payment Date. The

redemption price per U.S.\$1,000 principal amount of Trust Notes — Series 2017-A redeemed on any Series 2017-A Interest Payment Date will be par, together with accrued and unpaid interest to, but excluding, the date fixed for redemption. The redemption price payable by the Trust will be paid from the redemption proceeds it receives from TCPL upon redemption of 2017 TCPL Sub Notes. Trust Notes — Series 2017-A that are redeemed shall be cancelled and shall not be reissued. See “Description of the Trust Securities — Trust Notes — Series 2017-A — Trust Redemption Right”.

Redemption on Tax or Rating Event:

Upon the occurrence of, or any time following the occurrence of, a Rating Event or a Tax Event, the Trust may, at its option, redeem all (but not less than all) of the Trust Notes — Series 2017-A at a redemption price per U.S.\$1,000 principal amount of the Trust Notes — Series 2017-A equal to par (in the case of a Tax Event) and par plus \$20 (in the case of a Rating Event), together with accrued and unpaid interest to but excluding the date fixed for redemption. See “Description of the Trust Securities — Trust Notes — Series 2017-A — Redemption on Rating Event or Tax Event”.

Purchase for Cancellation:

The Trust Notes — Series 2017-A may be purchased, in whole or in part, by the Trust, at the direction of TCPL, in the open market or by tender or private contract. Trust Notes — Series 2017-A purchased by the Trust shall be cancelled and shall not be reissued. The purchase price payable by the Trust will be paid in cash.

Guarantee by TCPL:

TCPL will guarantee, on a subordinated basis, the due and punctual payment of the principal amount of and interest on (including interest on the amount in default) the Trust Notes — Series 2017-A and performance by the Trust of all the Trust’s obligations to the holders of the Trust Notes — Series 2017-A pursuant to the Share Exchange Agreement and the Assignment and Set-Off Agreement.

See “Description of the Trust Securities — Trust Notes — Series 2017-A — Guarantee by TCPL”.

The payment of principal and interest under TCPL’s guarantee of the Trust Notes — Series 2017-A will be subordinated in right of payment to the prior payment in full of all present and future Guarantor Senior Indebtedness (as described in “Description of the Trust Securities — Trust Notes — Series 2017-A — Guarantee by TCPL”), and will be effectively subordinated to all indebtedness and obligations of TCPL’s subsidiaries.

Additional TCPL Covenants:

In addition to the Dividend Stopper Undertaking, TCPL will covenant for the benefit of the holders of the Trust Notes — Series 2017-A, pursuant to the Share Exchange Agreement or the Assignment and Set-Off Agreement, as the case may be, that:

- (i) all of the outstanding Voting Trust Units will be held at all times, directly or indirectly, by TCPL;

- (ii) as long as any Trust Notes — Series 2017-A are outstanding and held by any person other than TCPL or an affiliate of TCPL, TCPL will not take any action to cause the termination of the Trust;
- (iii) TCPL will not create or issue any TCPL Preferred Shares which, in the event of insolvency or winding-up of TCPL, would rank in right of payment in priority to the TCPL Exchange Preferred Shares or the TCPL Deferral Preferred Shares;
- (iv) TCPL will not assign or otherwise transfer its obligations under the Share Exchange Agreement or the Assignment and Set-Off Agreement, except in the case of a merger, consolidation, amalgamation or reorganization or a sale of substantially all of the assets of TCPL;
- (v) if the Trust Notes — Series 2017-A have not been exchanged for rights to be issued TCPL Exchange Preferred Shares following the Automatic Exchange, TCPL will not, without the approval of the holders of the Trust Notes — Series 2017-A, amend, delete or vary any terms attaching to the TCPL Exchange Preferred Shares other than amendments, deletions or variations which do not negatively impact future holders of TCPL Exchange Preferred Shares and amendments that relate to the preferred shares of TCPL as a class; and
- (vi) prior to the issuance of any TCPL Deferral Preferred Shares in respect of a Deferral Event, TCPL will not, without the approval of the holders of the Trust Notes — Series 2017-A, amend, delete or vary any terms attaching to the TCPL Deferral Preferred Shares other than amendments, deletions or variations which do not negatively impact future holders of TCPL Deferral Preferred Shares and amendments that relate to the preferred shares of TCPL as a class.

Subordination and Events of Default:

The Trust Notes — Series 2017-A will be unsecured obligations of the Trust. The payment of principal and interest on the Trust Notes — Series 2017-A will be subordinated in right of payment to the prior payment in full of all present and future Issuer Senior Indebtedness (as described in “Description of the Trust Securities — Trust Notes — Series 2017-A — Subordination”), and will be effectively subordinated to all indebtedness and obligations of any subsidiaries of the Trust. An event of default in respect of the Trust Notes — Series 2017-A will occur if the Trust or TCPL becomes insolvent or bankrupt or, subject to certain exceptions, resolves to wind up or liquidate or is ordered wound up or liquidated or is otherwise dissolved by operation of law. See “Description of Trust Securities — Trust Notes — Series 2017-A — Events of Default”.

The subordination provisions and the event of default provisions of the Trust Notes — Series 2017-A as described herein are not likely to be relevant to the holders of the Trust Notes — Series 2017-A in

their capacity as creditors of the Trust since, upon the occurrence of an Automatic Exchange Event, the Automatic Exchange provisions of the Trust Notes — Series 2017-A will result in the Trust Notes — Series 2017-A being exchanged for the right to be issued TCPL Exchange Preferred Shares effective as of the Exchange Time, which right will be immediately and automatically exercised. See “Description of the Trust Securities — Trust Notes — Series 2017-A — Automatic Exchange” and “Risk Factors”.

If an event of default has occurred and is continuing, and the Trust Notes — Series 2017-A have not already been automatically exchanged for the right to be issued TCPL Exchange Preferred Shares, the Indenture Trustee may, in its discretion and shall upon the request of holders of not less than one-quarter of the principal amount of Trust Notes — Series 2017-A then outstanding under the Trust Indenture, declare the principal of and interest on all outstanding Trust Notes — Series 2017-A to be immediately due and payable. There will be no right of acceleration in the case of a default in the performance of any covenant of the Trust or TCPL in the Trust Indenture, although a legal action could be brought to enforce such covenant.

Payment of Additional

Amounts

All payments made by or on account of any obligation of the Trust under or with respect to the Trust Notes — Series 2017-A, or by or on account of any obligation of TCPL under or with respect to its guarantee of the Trust Notes — Series 2017-A, shall be made without withholding or deduction for Canadian Taxes, unless required by law or the interpretation or administration thereof, in which case the Trust or TCPL shall pay such additional amounts as may be necessary so that the net amount received by holders of the Trust Notes — Series 2017-A (other than certain excluded holders) shall not be less than the amount such holders would have received if such Canadian Taxes had not been withheld or deducted, subject to certain exceptions. See “Description of the Trust Securities — Trust Notes — Series 2017-A — Payment of Additional Amounts”.

Conflicts of Interest

TCPL may have outstanding short term indebtedness owing to certain of the Underwriters and affiliates of such Underwriters, a portion of which TCPL may repay with the net proceeds from the sale of the 2017 TCPL Sub Notes. See “Use of Proceeds”. As a result, one or more of such Underwriters or their affiliates may receive more than 5% of the net proceeds from the offering of the Trust Notes — Series 2017-A in the form of the repayment of such indebtedness. Accordingly, the offering of the Trust Notes — Series 2017-A is being made pursuant to Rule 5121 of the Financial Industry Regulatory Authority, Inc. RISK FACTORS

Discussions of certain risk factors affecting TCPL in connection with its business are provided in the annual and interim and other disclosure documents filed with the various securities regulatory authorities, which are incorporated by reference in this prospectus.

Risks Related to the Trust Notes — Series 2017-A

Dependence on Performance of TCPL and TCC

The purchase of Trust Notes — Series 2017-A involves risk with respect to the performance of TCPL and TCC. An investment in Trust Notes — Series 2017-A could be replaced in certain circumstances without the consent of the holder, by an investment in TCPL Exchange Preferred Shares and holders may in certain circumstances, including at the option of TCPL, be required to apply interest payable on the Trust Notes — Series 2017-A to acquire TCPL Deferral Preferred Shares. An investment in TCPL equity capital is subject to certain risks that are distinct from the risks associated with an investment in the Trust.

In the event of decline in the performance of TCPL or TCC or TCPL or TCC becoming insolvent or bankrupt or resolving to wind-up or liquidate or being ordered wound-up or liquidated or the occurrence of any other event constituting an Automatic Exchange Event, the Trust Notes — Series 2017-A will be automatically exchanged for rights to be issued TCPL Exchange Preferred Shares, which will be immediately and automatically exercised, without the consent of the holders thereof, which shares would be an investment in TCPL and not in the Trust. As a result, holders of the Trust Notes — Series 2017-A could become shareholders of TCPL at a time when TCPL's and/or TCC's financial condition is deteriorating or when TCPL and/or TCC has become insolvent or bankrupt or resolved to wind-up or has been ordered wound-up or liquidated or upon the occurrence of any other event constituting an Automatic Exchange Event. In addition, if there is a Deferral Event, holders of the Trust Notes — Series 2017-A will be paid interest on the applicable Deferral Date but will not receive cash as interest payable on Trust Notes — Series 2017-A will be applied on behalf of holders of Trust Notes — Series 2017-A to acquire TCPL Deferral Preferred Shares. In the event of a liquidation of TCPL, the claims of creditors of TCPL would be entitled to a priority of payment over the claims of holders of equity interests such as the TCPL Exchange Preferred Shares and TCPL Deferral Preferred Shares. See “Risks Related in an Investment in TCPL Exchange Preferred Shares or TCPL Deferral Preferred Shares — Insolvency or Winding Up”.

Rights only as an Equity Holder in the Event of Insolvency

If TCPL were to become insolvent or bankrupt or resolved to wind-up or was ordered wound-up or liquidated after the Automatic Exchange or if the Automatic Exchange were to occur after the insolvency of TCPL, the holders of the TCPL Exchange Preferred Shares may receive, if anything, substantially less than the holders of the Trust Notes — Series 2017-A would have received had the Trust Notes — Series 2017-A not been so exchanged. In the event of the occurrence of the Automatic Exchange, with the result that the holder of a Trust Note Series 2017-A receives a right to receive TCPL Exchange Preferred Shares in exchange for such Trust Note Series 2017-A and ultimately TCPL Exchange Preferred Shares, such holder shall thereupon cease to have any direct claim or entitlement with respect to the assets of the Trust or under the guarantee by TCPL and the only claim or entitlement of such holder will be in its capacity as a shareholder of TCPL. Holders of the Trust Notes — Series 2017-A will individually be bound by the Automatic Exchange, acting through the Exchange Trustee, on the basis contemplated by the Share Exchange Agreement. In addition, holders

of TCPL Deferral Preferred Shares, if any, would also be subject to these risks in respect of their TCPL Deferral Preferred Shares. Potential investors in the Trust Notes — Series 2017-A should carefully consider the description of TCPL set forth under “TCPL”. See also “Description of the Trust Securities — Trust Notes — Series 2017-A — Automatic Exchange” and “Risks Related in an Investment in TCPL Exchange Preferred Shares or TCPL Deferral Preferred Shares — Insolvency or Winding Up”.

Dependence on Payments on the TCPL Sub Notes

Although the obligations of the Trust are guaranteed on an unsecured subordinated basis by TCPL, the ability of the Trust to make timely payments on the Trust Notes — Series 2017-A is dependent on TCPL making the corresponding payments on the TCPL Sub Notes. Other than the TCPL Sub Notes, the Trust is not expected to have other significant assets available to satisfy its obligations on the Trust Notes — Series 2017-A.

Liquidity of and Dealings in Trust Notes — Series 2017-A

It is not expected that Trust Notes — Series 2017-A will be listed on any stock exchange. This may affect the pricing of the Trust Notes — Series 2017-A in the secondary market, the transparency and availability of trading prices, and the liquidity of the Trust Notes — Series 2017-A. There can be no assurance that an active trading market will develop or be sustained or that the Trust Notes — Series 2017-A may be resold at or above the initial public offering price. The ability of a holder to pledge Trust Notes — Series 2017-A or otherwise take action with respect to such holder’s interest in Trust Notes — Series 2017-A (other than through a Participant) may be limited due to the lack of a physical certificate.

Dependence Upon TCPL and its Affiliates and Potential Conflicts of Interest

The Trust will be dependent on the diligence and skill of the employees of TCPL, as Administrative Agent. In addition, potential conflicts of interest may arise between the Trust and TCPL and its affiliates. See “The Trust — Activities of the Trust” and “Interests of TCPL and its Affiliates in Material Transactions”. The Administrative Agent may also delegate or subcontract all or a portion of its obligations under the Administration Agreement to one or more affiliates, and under certain conditions to non-affiliates, involved in the business of managing assets such as the Trust Assets. In the event that the Administrative Agent delegates or subcontracts its obligations in such a manner, the Trust will be dependent upon the subcontractor to provide services. See “The Trust — The Administrative Agent”.

Subordination

The Trust’s obligations under the Trust Notes — Series 2017-A (and TCPL’s obligations under its guarantee of the Trust Notes — Series 2017-A and TCPL’s obligations under the TCPL Sub Notes) are subordinated in right of payment to all of the Trust’s (TCPL’s) current and future senior indebtedness (including TCPL’s outstanding senior notes and other senior indebtedness), other than non-recourse obligations or any other obligations specifically designated as being subordinate in right of payment to such senior indebtedness. This means that the Trust (and TCPL) will not be permitted to make any payments on the Trust Notes — Series 2017-A (or under TCPL’s guarantee of the Trust Notes — Series 2017-A or on the TCPL Sub Notes) if the Trust (TCPL) defaults on a payment of principal or interest on any such senior indebtedness or there shall occur an event of default under such senior indebtedness and the Trust (TCPL) does not cure the default within the applicable grace period, if the holders of the senior indebtedness have the right to accelerate the maturity of such indebtedness or if the terms of such senior indebtedness otherwise restrict the Trust (TCPL) from making payments to junior creditors. See “Description of the Trust Securities — Trust Notes — Series 2017-A —

Subordination”, “Description of the Trust Securities — Trust Notes — Series 2017-A — Guarantee by TCPL” and “Description of the 2017 TCPL Sub Notes — Priority of the 2017 TCPL Sub Notes”.

Due to these subordination provisions, in the event of the Trust’s (or TCPL’s) insolvency, funds that the Trust (or TCPL) would otherwise use to make payments under the Trust Notes — Series 2017-A (or under TCPL’s guarantee thereof) will be used to pay the holders of the indebtedness ranking senior in right of payment to the Trust Notes — Series 2017-A (or under TCPL’s guarantee thereof) to the extent necessary to pay such senior indebtedness in full. As a result of those payments, the holders of such senior indebtedness may recover more, ratably, than holders of the Trust Notes — Series 2017-A. In addition, the holders of such senior indebtedness may under certain circumstances restrict or prohibit the Trust (or TCPL) from making payments on the Trust Notes — Series 2017-A (or under TCPL’s guarantee thereof).

In addition to the contractual subordination described above, the payment of principal and interest on the Trust Notes — Series 2017-A will be structurally subordinated to all indebtedness and other obligations of any subsidiaries of the Trust, and the payment of principal and interest under TCPL’s guarantee of the Trust Notes — Series 2017-A will be structurally subordinated to all indebtedness and other obligations of TCPL’s subsidiaries.

TCPL’s indebtedness as of December 31, 2016 was approximately \$33.6 billion, all of which would be senior in right of payment to TCPL’s guarantee of the Trust Notes — Series 2017-A and to the TCPL Sub Notes. As of December 31, 2016, TCPL’s subsidiaries had approximately \$7.5 billion of outstanding indebtedness that effectively ranks senior to TCPL’s guarantee of the Trust Notes — Series 2017-A and to the TCPL Sub Notes.

Furthermore, in the event of an insolvency or liquidation of TCPL, the claims of creditors of TCPL would be entitled to a priority payment over the claims of holders of equity interests of TCPL, such as the TCPL Exchange Preferred Shares and TCPL Deferred Shares. See “Risks Related to the Trust Notes — Series 2017-A — Rights only as an Equity Holder in Event of Insolvency” and “Risks Related to an Investment in TCPL Exchange Preferred Shares or TCPL Deferral Preferred Shares — Insolvency or Winding-up”.

No Limit on Debt

Although the Trust does not intend to issue any additional securities other than Voting Trust Units, additional Trust Notes or other subordinated debt securities, the Trust Indenture does not contain any provision limiting the Trust’s ability to incur indebtedness generally. Any such indebtedness could rank in priority to the Trust Notes — Series 2017-A. In addition, the Trust Indenture does not limit the incurrence of indebtedness by TCPL, and TCPL’s current indebtedness and any future indebtedness of TCPL rank in priority to TCPL’s guarantee of the Trust Notes — Series 2017-A and the 2017 TCPL Sub Notes. TCPL currently has substantial indebtedness and the Trust and TCPL may incur substantial additional indebtedness in the future.

Early Redemption

Upon the occurrence of a Tax Event or a Rating Event, TCPL may cause the Trust to redeem all (but not less than all) of the Trust Notes — Series 2017-A at a redemption price equal to par (in the case of a Tax Event) and par plus \$20 (in the case of a Rating Event) plus accrued and unpaid interest to the date fixed for redemption. This redemption right may, depending on prevailing market conditions at the time, create reinvestment risk for holders of the Trust Notes — Series 2017-A in that they may be unable to find a suitable replacement investment with a comparable return to the Trust Notes — Series 2017-A.

Interest in Respect of Deferral Events

On each Series 2017-A Interest Payment Date in respect of which a Deferral Event has occurred, interest payable on Trust Notes — Series 2017-A will be applied on behalf of holders of Trust Notes — Series 2017-A to acquire TCPL Deferral Preferred Shares. This interest will be required to be included in such holder's income. See "Certain Canadian Federal Income Tax Considerations — Trust Notes — Series 2017-A — Interest on the Trust Notes — Series 2017-A". In addition, for U.S. federal tax purposes, during any deferral period, the Trust Notes — Series 2017-A will be treated as issued with OID (as defined herein) at the time of such deferral and all interest due after such deferral will be treated as OID. Consequently, a U.S. Holder of Trust Notes — Series 2017-A would be required to include OID in its gross income even though the Trust would not make any actual cash payments to the holders of Trust Notes — Series 2017-A during a deferral period. See "Certain U.S. Federal Income Tax Considerations — Interest on the Trust Notes — Series 2017-A".

Ratings

Credit ratings may not reflect all risks associated with an investment in the Trust Notes — Series 2017-A. Any credit ratings applied to the Trust Notes — Series 2017-A are an assessment of TCPL's and the Trust's ability to pay their respective obligations. Consequently, real or anticipated changes in the credit ratings will generally affect the market value of the Trust Notes — Series 2017-A. The credit ratings, however, may not reflect the potential impact of risks related to structure, market or other factors discussed herein on the value of the Trust Notes — Series 2017-A. There is no assurance that any credit rating assigned to the Trust Notes — Series 2017-A will remain in effect for any given period of time or that any rating will not be lowered or withdrawn entirely by the relevant rating agency.

Risks Related to an Investment in TCPL Exchange Preferred Shares or TCPL Deferral Preferred Shares

Ratings of TCPL Preferred Shares

The credit ratings, if any, applied to the TCPL Exchange and Deferral Preferred Shares are an assessment of TCPL's ability to pay its obligations. The credit ratings are based on certain assumptions about the future performance and capital structure of TCPL that may or may not reflect the actual performance or capital structure of TCPL. Changes in credit ratings of the TCPL Exchange and Deferral Preferred Shares may affect the market price or value and the liquidity of the TCPL Exchange and Deferral Preferred Shares. There is no assurance that any credit rating will be assigned to the TCPL Exchange and Deferral Preferred Shares, or that any credit rating assigned to the TCPL Exchange and Deferral Preferred Shares will remain in effect for any given period of time, or that any rating will not be lowered or withdrawn entirely by the relevant rating agency.

Dividends

Holders of TCPL Exchange and Deferral Preferred Shares do not have a right to dividends on such shares unless declared by the Board of Directors. The declaration of dividends is in the discretion of the Board of Directors even if TCPL has sufficient funds, net of its liabilities, to pay such dividends. TCPL may not declare or pay a dividend if there are reasonable grounds for believing that (i) TCPL is, or would after the payment be, unable to pay its liabilities as they become due, or (ii) the realizable value of TCPL's assets would thereby be less than the aggregate of its liabilities and stated capital of its outstanding shares. Liabilities of TCPL will include those arising in the course of its business, indebtedness, including inter-company debt, and amounts, if any, that are owing by TCPL under guarantees in respect of which a demand for payment has been made. In addition, a dividend (including a deemed dividend) received on TCPL Exchange and Deferral Preferred Shares may be

subject to Canadian non-resident withholding tax and, if any such dividends are so subject, no additional amounts will be payable to holders of TCPL Exchange and Deferral Preferred Shares in respect of such withholding tax. See “Certain Canadian Federal Income Tax Considerations — TCPL Exchange and Deferral Preferred Shares — Dividends”.

Insolvency or Winding-Up

The TCPL Exchange and Deferral Preferred Shares do not constitute indebtedness and are equity capital of TCPL which rank junior to all indebtedness and other non-equity claims and equally with the other first preferred shares of TCPL, if any, in the event of an insolvency or winding-up of TCPL. If TCPL becomes insolvent or is wound up, TCPL’s assets must be used to pay liabilities and other debt before payments may be made on the TCPL Exchange and Deferral Preferred Shares and other first preferred shares, if any.

No Fixed Maturity

The TCPL Exchange and Deferral Preferred Shares do not have a fixed maturity date and are not redeemable at the option of the holders of the TCPL Exchange and Deferral Preferred Shares. The ability of a holder to liquidate its holdings of TCPL Exchange and Deferral Preferred Shares may be limited.

Voting Rights

Holders of TCPL Exchange and Deferral Preferred Shares will not have any voting rights except in the event of the non-payment of six quarterly dividends as described under “Description of TCPL Exchange Preferred Shares and TCPL Deferral Preferred Shares — Voting Rights” or otherwise required by law.

Secondary Market and Liquidity

There can be no assurance that an active trading market will develop for the TCPL Exchange Preferred Shares or TCPL Deferral Preferred Shares following the issuance of any of those shares, or if developed, that such a market will be liquid or sustained at the issue price of such shares. TCPL is under no obligation to list the TCPL Exchange Preferred Shares or TCPL Deferral Preferred Shares on any stock exchange or other market.

The ability of a holder to pledge TCPL Exchange Preferred Shares or TCPL Deferral Preferred Shares or otherwise take action with respect to such holder’s interest therein (other than through a Participant) may be limited due to the lack of a physical certificate.

Market Value

The market value of the TCPL Exchange and Deferral Preferred Shares may fluctuate due to a variety of factors relative to TCPL’s business, including announcements of new developments, fluctuations in TCPL’s operating results, sales of TCPL Preferred Shares, failure to meet analysts’ expectations, the impact of various tax laws or rates and general market conditions or the worldwide economy. More specifically, as a result of the 2016 U.S. presidential election and the related change in political agenda, coupled with the transition of administration, there is uncertainty as to the position the United States will take with respect to world affairs and events. This uncertainty may include issues such as U.S. support for existing treaty and trade relationships with other countries, including Canada. There can be no assurance that the market value of the TCPL Exchange and Deferral Preferred Shares will not experience significant fluctuations in the future, including fluctuations that are unrelated to TCPL’s performance. Prevailing yields on similar securities will affect the market value of the TCPL Exchange and Deferral Preferred Shares. Assuming all other factors remain unchanged, the market

value of the TCPL Exchange and Deferral Preferred Shares would be expected to decline as prevailing yields for similar securities rise and would be expected to increase as prevailing yields for similar securities decline. Spreads over LIBOR and comparable benchmark rates of interest for similar securities will also affect the market value of the TCPL Exchange and Deferral Preferred Shares in an analogous manner. In addition, the market value of the TCPL Exchange and Deferral Preferred Shares will be significantly adversely affected in the event that dividends are not paid on such shares. See “Risks Related to an Investment in TCPL Exchange Preferred Shares or TCPL Preferred Shares — Dividends”.

THE TRUST

General

The Trust is a unit trust established under the laws of Ontario by the Trustee pursuant to the Declaration of Trust on September 16, 2014. The Trust has been formed for the purpose of issuing debt securities, including, the Trust Notes — Series 2015-A, the Trust Notes — Series 2016-A, and the Trust Notes — Series 2017-A, and acquiring and holding the Trust Assets in order to generate funds for payment of principal, interest, the redemption price and the amounts payable on purchase for cancellation, if any, and any other amounts, in respect of its debt securities, including the Trust Notes — Series 2017-A. The Offering will provide TCPL with a cost-effective means of raising capital which qualifies for Basket “C” equity treatment by Moody’s and for “Intermediate Equity Credit” by S&P.

The Trust’s head office is located at 450 – 1st Street S.W., Calgary, Alberta, T2P 5H1.

The Trust is not a trust company and does not carry on business as a trust company and, accordingly, the Trust is not registered under the trust company legislation of any jurisdiction. The Trust Notes — Series 2017-A are not “deposits” within the meaning of the *Canada Deposit Insurance Corporation Act* (Canada) and are not insured under the provisions of that act or any other legislation.

Activities of the Trust

The Trust’s objective is to acquire and hold the Trust Assets that will generate funds for payment of principal, interest, the redemption price and the amounts payable on purchase for cancellation, if any, and any other amounts, in respect of its debt securities, including the Trust Notes — Series 2017-A. The Trust Assets primarily consist of the TCPL Sub Notes. Each TCPL Sub Note is a junior subordinated unsecured obligation of TCPL. The Trust may also acquire and hold other assets, including money, debt obligations and contractual rights in respect of the activities and operations of the Trust from time to time.

Capitalization

Immediately after the issuance by the Trust of the Trust Notes — Series 2017-A pursuant to the Offering, and the purchase by the Trust of the 2017 TCPL Sub Notes the Trust will have approximately U.S.\$3,500,000,000 in Trust Assets, U.S.\$1,500,000,000 of capital attributable to the Trust Notes — Series 2017-A, U.S.\$1,200,000,000 of capital attributable to the Trust Notes — Series 2016-A, U.S.\$750,000,000 of capital attributable to the Trust Notes — Series 2015-A and U.S.\$5,001,000 of capital attributable to the Voting Trust Units. See “Capitalization of the Trust” and “Risk Factors”.

Conflicts of Interest

Due to the nature of the Trust’s relationship with TCPL and its affiliates, it is possible that conflicts of interest will arise with respect to certain transactions, including the Trust’s acquisition of Trust Assets from TCPL and/or its affiliates. See “Interests of TCPL and its Affiliates in Material

Transactions” and “Principal Holders of Securities”. It is the Trust’s policy that the terms of any financial dealings with TCPL or any of its affiliates will be consistent with those available from third parties.

Conflicts of interest between the Trust and TCPL and its affiliates may also arise in connection with actions taken by TCPL, as direct or indirect holder of the Voting Trust Units. It is intended that any agreements and transactions between the Trust, on the one hand, and TCPL and its affiliates, on the other hand, including the Administration Agreement, the Assignment and Set-Off Agreement and the Share Exchange Agreement, will be fair to the parties and consistent with market terms for such types of transactions. However, there can be no assurance that any such agreement or transaction will be on terms as favourable to the Trust as would have been obtained from unaffiliated third parties.

The Administrative Agent

The Trustee has entered into an agreement (the “Administration Agreement”) with TCPL, pursuant to which the Trustee has delegated to TCPL certain of its obligations in relation to the administration of the Trust. TCPL, in its role as administrative agent under the Administration Agreement (the “Administrative Agent”) will, at the request of the Trustee, administer the day-to-day operations of the Trust and perform such other matters as may be requested by the Trustee from time to time. The Administrative Agent may, from time to time, delegate or sub-contract all or a portion of its obligations under the Administration Agreement to one or more of its qualified affiliates. The Administrative Agent will not, in connection with the delegation or sub-contracting of any of such obligations, be discharged or relieved in any respect from its obligations under the Administration Agreement. The Administrative Agent will be entitled to receive an annual administration fee.

The Administration Agreement has an initial 10-year term and will be automatically renewed each year thereafter subject to the right of the Trustee to replace the Administrative Agent and/or terminate the Administration Agreement at any time upon written notice if performance of the Administrative Agent’s duties is not permitted by law; the Administrative Agent ceases to be resident in Canada for purposes of the Tax Act; the Trustee is directed to do so by holders of Voting Trust Units; or upon the occurrence of one or more events generally related to the failure of the Administrative Agent to perform its obligations under the Administration Agreement in a proper and timely manner which is not remedied within 90 days of notice.

Liquidity

The Trust will only borrow funds from TCPL or its affiliates pursuant to the Credit Facility and will use borrowed funds only for the purposes of ensuring liquidity in the normal course of the Trust’s activities and to facilitate the payment by the Trust of its expenses including the expenses of the Offering.

Certain Continuous Disclosure Requirements

The Trust is a reporting issuer in the provinces of Alberta and Ontario, and may in future become a reporting issuer in other provinces and territories of Canada where such concept exists. As such, the Trust is required, among other things, to make continuous disclosure filings with applicable Canadian securities regulatory authorities; however, the Trust relies on available exemptions for issuers that have issued debt securities guaranteed by a parent credit supporter that allows it to rely on and file TCPL’s interim unaudited and annual audited financial statements, annual information form, management information circular (if any) and other continuous disclosure documents required to be filed by TCPL from time to time. So long as this exemption is applicable, the Trust will not be required to file interim unaudited and annual audited financial statements, including management’s discussion and analysis of the financial condition and results of operation of the Trust, interim and annual certificates signed by

the chief executive officer and chief financial officer, an information circular or an annual information form of the Trust, and holders of the Trust Notes — Series 2017-A will not receive such financial statements and other continuous disclosure documents of the Trust. It is expected, however, that the Trust will remain subject to the requirement to file material change reports in the event of any material change in the affairs of the Trust. The Trust will also file these documents with the SEC on EDGAR until such time as it is eligible to cease reporting with the SEC.

USE OF PROCEEDS

The gross proceeds to the Trust from the Offering of U.S.\$1,500,000,000 in respect of the Trust Notes — Series 2017-A will be used to acquire the 2017 TCPL Sub Notes from TCPL. TCPL, in turn, intends to use the proceeds from the issue of the 2017 TCPL Sub Notes for general corporate purposes and to reduce short term indebtedness of TCPL and its affiliates, which short term indebtedness was used to fund TCPL’s capital program and for general corporate purposes. TCPL may invest the funds that it does not immediately require in short term marketable debt securities. The Offering will provide TCPL with a cost-effective means of raising capital which qualifies for Basket “C” equity treatment by Moody’s and for “Intermediate Equity Credit” by S&P.

TCPL

General

TCPL operates in three core businesses — Natural Gas Pipelines, Liquids Pipelines and Energy. As a result of our acquisition of Columbia on July 1, 2016 and the pending monetization of the U.S. Northeast power business, we have determined that a change in our operating segments is appropriate. Accordingly, we consider ourselves to be operating in the following segments: Canadian Natural Gas Pipelines, U.S. Natural Gas Pipelines, Mexico Natural Gas Pipelines, Liquids Pipelines and Energy. This provides information that is aligned with how management decisions about our business are made and how performance of our business is assessed. We also have a non-operational Corporate segment consisting of corporate and administrative functions that provide governance and other support to our operational business segments.

TCPL's principal subsidiaries as of December 31, 2015 are indicated in the diagram under the heading "TransCanada PipeLines Limited — Intercorporate Relationships" in the Annual Information Form. All of the outstanding common shares of TCPL are owned by TCC. As described in the MCR and the BAR, on July 1, 2016, TCPL indirectly acquired all of the outstanding shares of Columbia.

Consolidated Capitalization

There have been no material changes in the share and loan capital of TCPL, on a consolidated basis, since December 31, 2016.

Use of Proceeds

TCPL intends to use the proceeds from the issue of the 2017 TCPL Sub Notes for general corporate purposes and to reduce short term indebtedness of TCPL and its affiliates, which short term indebtedness was used to fund TCPL's capital program and for general corporate purposes. TCPL may invest the funds that it does not immediately require in short term marketable debt securities. The Offering will provide TCPL with a cost-effective means of raising capital which qualifies for Basket "C" equity treatment by Moody's and for "Intermediate Equity Credit" by S&P.

Earnings Coverage

Period Ended December 31, 2015

The following financial ratios have been calculated on a consolidated basis for the 12-month period ended December 31, 2015 and are based on audited and unaudited financial information. The following financial ratios give *pro forma* effect to the Acquisition on the same basis as in the unaudited *pro forma* condensed consolidated statement of income of the Corporation for the year ended December 31, 2015 included as Schedule D to the BAR and to the issuance of and related use of proceeds of the following: U.S.\$400 million principal amount of 3.125% senior notes due 2019 on January 27, 2016 (the “January 2016 3.125% Senior Notes”), U.S.\$850 million principal amount of 4.875% senior notes due 2026, on January 27, 2016 (the “January 2016 4.875% Senior Notes” and, collectively with the January 2016 3.125% Senior Notes, the “January 2016 Notes”), \$300 million principal amount of 3.69% medium term notes due 2023, on June 6, 2016 (the “June 2016 3.69% Notes”), \$700 million principal amount of 4.35% medium term notes due 2046, on June 6, 2016 (the “June 2016 4.35% Notes” and, collectively with the June 2016 3.69% Notes, the “June 2016 Notes”), the drawdown of an aggregate principal amount of U.S.\$6.9 billion by TCPL and TransCanada Pipeline USA Ltd. under the Acquisition Credit Facilities (defined herein) and the subsequent repayment of U.S.\$3.7 billion thereunder (the “Acquisition Credit Facilities Transactions”), U.S.\$1.2 billion principal amount of 6.125% (reset quarterly starting August 11, 2026) subordinated notes due 2076 (the “2016 TCPL Sub Notes”) on August 15, 2016 and the 2017 TCPL Sub Notes as described in this prospectus and the intended use of proceeds therefrom (such adjustments, collectively the “Post-December 31, 2015 Adjustments”). Adjustments for other normal course issuances and repayments of long-term debt subsequent to December 31, 2015, would not materially affect the ratios and, as a result, have not been made.

Earnings coverage on long-term debt and current liabilities	0.4 times ⁽¹⁾
Supplemental coverage ratio: earnings coverage on long-term debt, current liabilities excluding non-cash impairment charges for Keystone XL and related projects	2.0 times ⁽²⁾⁽³⁾

(1) TCPL’s interest requirements for the 12 months ended December 31, 2015 after giving *pro forma* effect to the Acquisition and the Post-December 31, 2015 Adjustments amounted to approximately \$2.347 billion. TCPL’s earnings before interest expense and income tax for the 12-month period ended December 31, 2015 were approximately \$0.895 billion, which is 0.4 times such *pro forma* interest requirements for the period.

(2) Excludes the non-cash impairment charges for Keystone XL and related projects of \$3.686 billion (pre tax). This supplemental coverage ratio is therefore based on a financial measure that is a non-GAAP financial measure and does not have the standardized meaning of “earnings” as prescribed by Form 44-101F1 — Short Form Prospectus (“44-101F1”) and therefore may not be comparable to similar measures presented by other entities. This measure should not be construed as an alternative to the prescribed ratios based off of “earnings” as defined in 44-101F1.

(3) TCPL’s interest requirements for the 12 months ended December 31, 2015 after giving *pro forma* effect to the Acquisition and the Post-December 31, 2015 Adjustments and excluding the non-cash impairment charges for Keystone XL and related projects amounted to approximately \$2.347 billion. TCPL’s earnings before interest expense and income tax for the 12-month period ended December 31, 2015 were approximately \$4.581 billion, which is 2.0 times such *pro forma* interest requirements for the period.

Period ended March 31, 2016

The following financial ratios have been calculated on a consolidated basis for the 3-month period ended March 31, 2016 and are based on unaudited financial information. The following financial ratios give *pro forma* effect to the Acquisition on the same basis as in the unaudited *pro forma* condensed

consolidated statement of income of the Corporation for the three months ended March 31, 2016 included as Schedule D to the BAR and to the issuance and related use of proceeds of the June 2016 Notes, the Acquisition Credit Facilities Transactions, the 2016 TCPL Sub Notes and the 2017 TCPL Sub Notes as described in this prospectus and the intended use of proceeds therefrom (such adjustments, collectively the “Post-March 31, 2016 Adjustments”). Adjustments for other normal course issuances and repayments of long-term debt subsequent to March 31, 2016, would not materially affect the ratios and, as a result, have not been made.

- (1) TCPL’s interest requirements for the 3 months ended March 31, 2016 after giving *pro forma* effect to the Acquisition and the Post-March 31, 2016 Adjustments amounted to approximately \$0.552 billion. TCPL’s earnings before interest expense and income tax for the 3-month period ended March 31, 2016 were approximately \$0.948 billion, which is 1.7 times such *pro forma* interest requirements for the period.

Period Ended December 31, 2016

The following financial ratios for TCPL have been calculated on a consolidated basis for the 12-month period ended December 31, 2016 and are based on unaudited and audited financial information. The following financial ratios give pro forma effect to the repayment of U.S.\$500 million under the Acquisition Credit Facilities on February 8, 2017 and the issuance of the 2017 TCPL Sub Notes as described in this prospectus and the intended use of proceeds therefrom (collectively, the “Post December 31, 2016 Adjustments”). Adjustments for other normal course issuances and repayments of long-term debt subsequent to December 31, 2016 would not materially affect the ratios and, as a result, have not been made.

December 31, 2016

Earnings coverage on long-term debt and current liabilities 1.1 times⁽¹⁾

Supplemental coverage ratio: earnings coverage on long-term debt and current liabilities excluding non-cash impairment charges for Ravenswood goodwill and Assets Held for Sale at December 31, 2016 1.9 times⁽²⁾⁽³⁾

- (1) TCPL’s interest requirements for the 12 months ended December 31, 2016 after giving *pro forma* effect to the Post-December 31, 2016 Adjustments amounted to approximately \$2.325 billion. TCPL’s earnings before interest expense and income tax for the 12-month period ended December 31, 2016 were approximately \$2.541 billion, which is 1.1 times such *pro forma* interest requirements for the period.
- (2) Excludes the non-cash impairment charges for Ravenswood goodwill and Assets Held for Sale at December 31, 2016 of \$1.914 billion (pre tax). This supplemental coverage ratio is therefore based on a financial measure that is a non-GAAP financial measure and does not have the standardized meaning of “earnings” as prescribed by 44-101F1 and therefore may not be comparable to similar measures presented by other entities. This measure should not be construed as an alternative to the prescribed ratios based off of “earnings” as defined in 44-101F1.
- (3) TCPL’s interest requirements for the 12 months ended December 31, 2016 after giving *pro forma* effect to the Post-December 31, 2016 Adjustments and excluding the impairment charges for Ravenswood goodwill and Assets Held for Sale at December 31, 2016 amounted to approximately \$2.325 billion. TCPL’s earnings before interest expense and income tax for the 12-month period ended December 31, 2016 were approximately \$4.455 billion, which is 1.9 times such *pro forma* interest requirements for the period.

Interest and Maturity

From the Closing Date to March 15, 2027, the Trust will pay interest on the Trust Notes — Series 2017-A in equal semi-annual installments on March 15 and September 15 of each year to the persons in whose name the Trust Notes — Series 2017-A are registered at the close of business on the preceding March 1 or September 1, respectively. Notwithstanding the foregoing, assuming the Trust Notes — Series 2017-A are issued on March 2, 2017, the first interest payment on the Trust Notes — Series 2017-A on September 15, 2017 will be in the amount of U.S.\$28.41 per U.S.\$1,000 principal amount of Trust Notes — Series 2017-A. Starting on March 15, 2027, the Trust will pay interest on the Trust Notes — Series 2017-A on every March 15, June 15, September 15 and December 15 of each year during which the Trust Notes — Series 2017-A are outstanding thereafter until March 15, 2077 to the persons in whose name the Trust Notes — Series 2017-A are registered at the close of business on the preceding March 1, June 1, September 1 or December 1, respectively (each such semi-annual or quarterly date, as applicable, a “Series 2017-A Interest Payment Date”).

From the Closing Date to, but excluding, March 15, 2027, the interest rate on the Trust Notes — Series 2017-A will be fixed at 5.30% per annum, payable in arrears. Starting on March 15, 2027, and on every March 15, June 15, September 15 and December 15 of each year during which the Trust Notes — Series 2017-A are outstanding thereafter until March 15, 2077 (each such date, a “Series 2017-A Interest Reset Date”), the interest rate on the Trust Notes — Series 2017-A will be reset as follows: (i) starting on March 15, 2027, on every Series 2017-A Interest Reset Date, until March 15, 2047, the interest rate on the Trust Notes — Series 2017-A will be reset at an interest rate per annum equal to the three month LIBOR plus 3.208%, payable in arrears, with the first payment at such rate being on June 15, 2027, and (ii) starting on March 15, 2047, on every Series 2017-A Interest Reset Date, until March 15, 2077, the interest rate on the Trust Notes — Series 2017-A will be reset on each Series 2017-A Interest Reset Date at an interest rate per annum equal to the three month LIBOR plus 3.958%, payable in arrears, with the first payment at such rate being on June 15, 2047.

The Trust Notes — Series 2017-A will mature on March 15, 2077. Holders of the Trust Notes — Series 2017-A may, in certain circumstances, be required to apply interest payable on the Trust Notes — Series 2017-A to acquire TCPL Deferral Preferred Shares. See “— Deferral Right” below.

Interest for each Series 2017-A Interest Period from the Closing Date to, but excluding, March 15, 2027, will be calculated on the basis of a 360-day year consisting of twelve 30-day months. Interest for each Series 2017-A Interest Period from March 15, 2027 to March 15, 2077 will be calculated on the basis of the actual number of days elapsed during each such Series 2017-A Interest Period and a 360-day year. For the purposes of disclosure under the *Interest Act* (Canada), and without affecting the interest payable on the Trust Notes — Series 2017-A, whenever the interest rate on the Trust Notes — Series 2017-A is to be calculated on the basis of a period of less than a calendar year, the yearly interest rate equivalent for such interest rate will be the interest rate multiplied by the actual number of days in the relevant calendar year and divided by the number of days used in calculating the specified interest rate.

If a Series 2017-A Interest Payment Date falls on a day that is not a Business Day, the Series 2017-A Interest Payment Date will be postponed to the next Business Day, and no further interest will accrue in respect of such postponement.

Specified Denominations

The Trust Notes — Series 2017-A will be issued only in minimum denominations of U.S.\$1,000 and integral multiples thereof.

Deferral Right

On each Series 2017-A Interest Payment Date in respect of which a Deferral Event has occurred (each a “Deferral Date”), holders of the Trust Notes — Series 2017-A will be required to apply interest payable thereon to acquire TCPL Deferral Preferred Shares. A new series of TCPL Deferral Preferred Shares will be issued in respect of each Deferral Date. The subscription amount of each TCPL Deferral Preferred Share will be an amount equal to U.S.\$1,000 and the number of TCPL Deferral Preferred Shares subscribed for in respect of the Trust Notes — Series 2017-A on each Deferral Date (including fractional shares, if applicable) will be calculated by dividing the amount of the interest payment on the Trust Notes — Series 2017-A on the applicable Deferral Date by U.S.\$1,000. For greater certainty, whether or not a Deferral Event has occurred in respect of a particular Series 2017-A Interest Payment Date will be determined prior to the commencement of the Series 2017-A Interest Period ending on the day immediately preceding such Series 2017-A Interest Payment Date.

A Deferral Event for the Trust Notes — Series 2017-A will occur in circumstances where: (i) TCPL has failed to declare cash dividends on all of the outstanding TCPL Preferred Shares, if any, consistent with TCPL’s dividend practice in effect from time to time with respect to TCPL Preferred Shares (other than a failure to declare dividends on such shares during a Dividend Restricted Period) in each case in the last 90 days preceding the commencement of the Series 2017-A Interest Period ending on the day preceding the relevant Series 2017-A Interest Payment Date (a “Missed Dividend Deferral Event”); or (ii) TCPL elects, at its sole option, prior to the commencement of the Series 2017-A Interest Period ending on the day preceding the relevant Series 2017-A Interest Payment Date, that holders of the Trust Notes — Series 2017-A apply interest paid on such Trust Notes — Series 2017-A on the relevant Series 2017-A Interest Payment Date to acquire TCPL Deferral Preferred Shares (an “Other Deferral Event”). There is no limit on the number of Deferral Events that may occur.

The issuance of TCPL Deferral Preferred Shares upon the occurrence of any Deferral Event will be effected pursuant to the Assignment and Set-Off Agreement, whereby: (i) TCPL assigns, transfers and conveys to the Trust all of its right, title and interest in the subscription proceeds (the “Deferral Event Subscription Proceeds”) payable to TCPL in connection with the Deferral Event Subscription (the “Deferral Event Subscription Proceeds Assignment”); (ii) the Trust agrees that on each TCPL Sub Note Interest Payment Date that is a Deferral Date, the interest payable to the Trust by TCPL on such TCPL Sub Note Interest Payment Date pursuant to the 2017 TCPL Sub Notes shall have been satisfied

to the extent of an amount equal to the aggregate Deferral Event Subscription Proceeds payable by holders of the Trust Notes — Series 2017-A in connection with the TCPL Deferral Preferred Shares issued on such Deferral Date pursuant to the Deferral Event Subscription Proceeds Assignment and TCPL shall only be required to pay cash to the Trust in an amount equal to the excess of the interest payable by TCPL pursuant to the 2017 TCPL Sub Notes on such TCPL Sub Note Interest Payment Date over the amount of such Deferral Event Subscription Proceeds; and (iii) the Indenture Trustee, on behalf of holders of the Trust Notes — Series 2017-A, agrees that on each Series 2017-A Interest Payment Date that is a Deferral Date, without any further action being required by TCPL, the Trust or holders of the Trust Notes — Series 2017-A, the right of the holders of the Trust Notes — Series 2017-A to receive the interest thereon in respect of the relevant Series 2017-A Interest Payment Date shall be automatically set-off against their obligation to pay the cash subscription price for the TCPL Deferral Preferred Shares to the Trust, as assignee, without any payment of cash by the Trust in respect of the interest or by the holders in respect of the subscription price. As a result, pursuant to the Assignment and Set-Off Agreement, a holder's entitlement in the case of a Deferral Event on a Series 2017-A Interest Payment Date is to the delivery of the TCPL Deferral Preferred Shares.

In acting pursuant to the Assignment and Set-Off Agreement, TCPL shall promptly create, issue and distribute such number of TCPL Deferral Preferred Shares (including fractional shares, if applicable) as are issuable pursuant to the Deferral Event Subscription. If any TCPL Deferral Preferred Shares require registration or qualification with or approval of or the filing of any document, including any prospectus or similar document, or the taking of any proceeding with or the obtaining of any order, ruling, approval or consent from any governmental or regulatory authority under any applicable Canadian or U.S. law before such TCPL Deferral Preferred Shares may be issued and delivered by TCPL in connection with a Deferral Event, TCPL shall in good faith, expeditiously take all such actions and do all such things as are necessary to cause such TCPL Deferral Preferred Shares to be duly registered, qualified or approved as and to the extent required for such purpose pursuant to such applicable laws.

Upon a Deferral Event, TCPL reserves the right not to issue TCPL Deferral Preferred Shares to an Ineligible Person. In such circumstances, the Indenture Trustee will hold all TCPL Deferral Preferred Shares that would otherwise be delivered to Ineligible Persons, as agent for Ineligible Persons, and the Indenture Trustee will deliver such shares to a broker retained by TCPL for the purpose of effecting the sale (to parties other than TCPL and its affiliates or other Ineligible Persons) on behalf of such Ineligible Persons of such TCPL Deferral Preferred Shares. Such sales, if any, may be made at any time and any price. Neither TCPL, the Trust nor the Indenture Trustee will be subject to any liability for failing to sell TCPL Deferral Preferred Shares on behalf of any such Ineligible Persons or at any particular price on any particular day. The net proceeds received by the Indenture Trustee from the sale of any TCPL Deferral Preferred Shares will be divided among the Ineligible Persons in proportion to the number of TCPL Deferral Preferred Shares that would otherwise have been deliverable to them, after deducting the costs of sale and any applicable withholding taxes. The Indenture Trustee will make payment of the aggregate net proceeds to the Clearing Agency (if the Trust Notes — Series 2017-A are then held in the book-entry only system) or to the registrar and transfer agent (in all other cases) for distribution to such Ineligible Persons in accordance with the Clearing Agency Procedures or otherwise.

As a precondition to the delivery of any certificate or other evidence of issuance representing any TCPL Deferral Preferred Shares or related rights following a Deferral Event, TCPL may require the Trust to obtain from any Holder of Trust Notes — Series 2017-A (and persons holding Trust Notes — Series 2017-A represented by such Holder of Trust Notes — Series 2017-A) a declaration, in form and substance satisfactory to TCPL, confirming compliance with any applicable regulatory requirements to establish that such Holder of Trust Notes — Series 2017-A is not, and does not represent, an Ineligible Person.

Dividend Stopper Undertaking

Pursuant to the Assignment and Set-Off Agreement, TCC and TCPL will covenant for the benefit of holders of the Trust Notes — Series 2017-A that, in the event of a Deferral Event, in the period commencing on the relevant Deferral Date to, but excluding, the first day of the applicable Dividend Declaration Resumption Month: (i) neither TCC nor TCPL will declare dividends of any kind on any of the Dividend Restricted Shares, as applicable; and (ii) neither TCC, TCPL nor any subsidiary of TCC or TCPL may redeem any Dividend Restricted Shares (other than TCPL Deferral Preferred Shares) or make any payment to holders of any of the Dividend Restricted Shares in respect of dividends not declared or paid on such Dividend Restricted Shares (other than, for greater certainty, accrued and unpaid dividends on TCPL Deferral Preferred Shares that are redeemed), and neither TCC nor TCPL nor any subsidiary of TCC or TCPL may purchase any Dividend Restricted Shares. **It is in the interest of TCPL and TCC to ensure, to the extent within their control, that the Trust pays the interest to holders of the Trust Notes — Series 2017-A in cash on each Series 2017-A Interest Payment Date so as to avoid triggering the Dividend Stopper Undertaking.**

Automatic Exchange

The Trust Notes — Series 2017-A, including accrued and unpaid interest thereon, will be exchanged automatically (the “Automatic Exchange”), without the consent of the holders thereof, for the right to be issued newly issued TCPL Exchange Preferred Shares upon the occurrence of: (i) the making by TCC or TCPL of a general assignment for the benefit of its creditors or a proposal (or the filing of a notice of its intention to do so) under the *Bankruptcy and Insolvency Act* (Canada), (ii) any proceeding instituted by TCC or TCPL seeking to adjudicate it a bankrupt or insolvent or seeking liquidation, winding up, dissolution, reorganization, arrangement, adjustment, protection, relief or composition of its debts under any law relating to bankruptcy, insolvency or reorganization, or seeking the entry of an order for the appointment of a receiver, interim receiver, trustee or other similar official for TCC or TCPL or any substantial part of its property and assets in circumstances where TCC or TCPL, as applicable, is adjudged a bankrupt or insolvent, (iii) a receiver, interim receiver, trustee or other similar official is appointed over TCC or TCPL or for any substantial part of its property and assets by a court of competent jurisdiction in circumstances where TCC or TCPL, as applicable, is adjudged a bankrupt or insolvent; or (iv) any proceeding is instituted against TCC or TCPL seeking to adjudicate it a bankrupt or insolvent or seeking liquidation, winding up, dissolution, reorganization, arrangement, adjustment, protection, relief or composition of its debts under any law relating to bankruptcy, insolvency or reorganization, or seeking the entry of an order for the appointment of a receiver, interim receiver, trustee or other similar official for TCC or TCPL or any substantial part of its property and assets in circumstances where TCC or TCPL, as applicable, is adjudged a bankrupt or insolvent, and either such proceeding has not been stayed or dismissed within 60 days of the institution of any such proceeding or the actions sought in such proceedings occur, including the entry of an order for relief against TCC or TCPL or the appointment of a receiver, interim receiver, trustee, or other similar official for it or for any substantial part of its property and assets.

TCPL will mail written notice of the occurrence of the Automatic Exchange Event to the Trustee within 10 days of such event. Following the Automatic Exchange, holders of the Trust Notes — Series 2017-A immediately prior to the Automatic Exchange shall automatically cease to have any claim or entitlement to interest or principal against the Trust or any other rights as holders of Trust Notes — Series 2017-A, including under the guarantee by TCPL.

The TCPL Exchange Preferred Shares will carry the right to receive fixed quarterly cumulative preferential cash dividends, if, as and when declared by the Board of Directors, subject to the *Canada Business Corporations Act*, at the Perpetual Preferred Share Rate, subject to any applicable withholding tax. See “Description of TCPL Exchange Preferred Shares and TCPL Deferral Preferred Shares”.

The Automatic Exchange shall occur at the Exchange Time and will be effected pursuant to the terms of the Share Exchange Agreement. As of the Exchange Time, each holder of Trust Notes — Series 2017-A shall have exchanged and transferred to TCPL all of such holder's right, title and interest in and to its Trust Notes — Series 2017-A and shall thereupon automatically cease to be a holder thereof and all rights of such holder as a debtholder of the Trust (including under the guarantee by TCPL) shall automatically cease and such person shall therefrom be for all purposes entitled to a right to be issued TCPL Exchange Preferred Shares, which right shall be immediately and automatically exercised. Upon such exercise, holders of the Trust Notes — Series 2017-A will receive one TCPL Exchange Preferred Share for each U.S.\$1,000 principal amount of Trust Notes — Series 2017-A previously held together with the number of TCPL Exchange Preferred Shares (including fractional shares, if applicable) calculated by dividing the amount of accrued and unpaid interest, if any, on the Trust Notes — Series 2017-A, by U.S.\$1,000. Holders of the Trust Notes — Series 2017-A will individually be bound by the Automatic Exchange, acting through the Exchange Trustee, on the basis contemplated by the Share Exchange Agreement.

If, following the occurrence of an Automatic Exchange Event, for any reason, any Trust Notes — Series 2017-A remain outstanding and not owned by TCPL or an affiliate of TCPL, the Trust will redeem each U.S.\$1,000 principal amount of Trust Notes — Series 2017-A not so exchanged for TCPL Exchange Preferred Shares for consideration consisting of one TCPL Exchange Preferred Share together with the number of TCPL Exchange Preferred Shares (including fractional shares, if applicable) calculated by dividing the amount of accrued and unpaid interest, if any, on the Trust Notes — Series 2017-A from the immediately preceding Series 2017-A Interest Payment Date to, but excluding, the date the Automatic Exchange Event occurs, by U.S.\$1,000. Each holder of Trust Notes — Series 2017-A so redeemed shall automatically cease to be a holder thereof and all rights of such holder as a debtholder of the Trust will automatically cease and such person shall therefrom be entitled only to the right to be issued TCPL Exchange Preferred Shares. It shall not be necessary for the Trust, in such circumstances, to provide any prior written notice of redemption to holders of the Trust Notes — Series 2017-A. The Trust will acquire the TCPL Exchange Preferred Shares required by it for purposes of such redemption, if any, from TCPL pursuant to the Subscription Right.

Upon an Automatic Exchange of the Trust Notes — Series 2017-A for the right to receive TCPL Exchange Preferred Shares and the exercise of such right, TCPL reserves the right not to issue TCPL Exchange Preferred Shares to Ineligible Persons. In such circumstances, the Indenture Trustee will hold all TCPL Exchange Preferred Shares that would otherwise be delivered to Ineligible Persons, as agent for Ineligible Persons, and the Indenture Trustee will deliver such shares to a broker retained by TCPL for the purpose of effecting the sale (to parties other than TCPL, its affiliates or other Ineligible Persons) on behalf of such Ineligible Persons of such TCPL Exchange Preferred Shares. Such sales, if any, may be made at any time and any price. Neither TCPL, the Trust nor the Indenture Trustee will be subject to any liability for failing to sell TCPL Exchange Preferred Shares on behalf of any such Ineligible Persons or at any particular price on any particular day. The net proceeds received by the Indenture Trustee from the sale of any such TCPL Exchange Preferred Shares will be divided among the Ineligible Persons in proportion to the number of TCPL Exchange Preferred Shares that would otherwise have been deliverable to them, after deducting the costs of sale and any applicable withholding taxes. The Indenture Trustee will make payment of the aggregate net proceeds to the Clearing Agency (if the Trust Notes — Series 2017-A are then held in the book-entry only system) or to the registrar and transfer agent (in all other cases) for distribution to such Ineligible Persons in accordance with the Clearing Agency Procedures or otherwise.

As a precondition to the delivery of any certificate or other evidence of issuance representing any TCPL Exchange Preferred Shares or related rights following an Automatic Exchange, TCPL may require the Trust to obtain from any Holder of Trust Notes — Series 2017-A (and persons holding Trust Notes — Series 2017-A represented by such Holder of Trust Notes — Series 2017-A) a declaration, in

form and substance satisfactory to TCPL, confirming compliance with any applicable regulatory requirements to establish that such Holder of Trust Notes — Series 2017-A is not, and does not represent, an Ineligible Person.

As the events that give rise to an Automatic Exchange are bankruptcy and related events, it is in the interests of TCPL to ensure that an Automatic Exchange does not occur, although the events that could give rise to an Automatic Exchange, namely the occurrence of an Automatic Exchange Event, may be beyond TCPL's control.

Trust Redemption Right

On or after March 15, 2027, the Trust may, at its option, or at the direction of TCPL, on giving not more than 60 nor less than 30 days' notice to the holders of the Trust Notes — Series 2017-A, redeem the Trust Notes — Series 2017-A, in whole at any time or in part from time to time on any Series 2017-A Interest Payment Date. The redemption price per U.S.\$1,000 principal amount of Trust Notes — Series 2017-A redeemed on any Series 2017-A Interest Payment Date will be par, together with accrued and unpaid interest to, but excluding, the date fixed for redemption. The redemption price payable by the Trust will be paid from the redemption proceeds it receives from TCPL upon the redemption of 2017 TCPL Sub Notes. Trust Notes — Series 2017-A redeemed in this regard shall be cancelled and shall not be reissued.

In the event that TCPL causes the Trust to redeem the Trust Notes — Series 2017-A, or in the event TCPL or any of its subsidiaries or other affiliates purchase any of the Trust Notes — Series 2017-A, TCPL and its subsidiaries or other affiliates intend (without thereby assuming a legal obligation) to do so only to the extent the aggregate redemption or purchase price is equal to or less than the net proceeds, if any, received by TCPL or TCC from new issuances by TCPL or TCC or a subsidiary or affiliate of TCPL or TCC (including the Trust) during the period commencing on the 360th calendar day prior to the date of such redemption or purchase of securities which are assigned by S&P at the time of sale or issuance, an aggregate "equity credit" (or such similar nomenclature used by S&P from time to time) that is equal to or greater than the "equity credit" assigned to the Trust Notes — Series 2017-A to be redeemed or repurchased at the time of their issuance (but taking into account any changes in hybrid capital methodology or another relevant methodology or the interpretation thereof since the issuance of the Trust Notes — Series 2017-A), unless: (i) the issuer credit rating assigned by S&P to TCPL is at least A — (or such similar nomenclature then used by S&P or Moody's) and TCPL is comfortable that such rating would not fall below this level as a result of such redemption or purchase, or (ii) in the case of a purchase (x) such repurchase is of less than 10% of the aggregate principal amount of the Trust Notes — Series 2017-A originally issued in any period of 12 consecutive months or (y) a maximum of 25% of the aggregate principal amount of the Trust Notes — Series 2017-A originally issued in any period of 10 consecutive years is purchased, or (iii) the Trust Notes — Series 2017-A are not assigned an "equity credit" (or such similar nomenclature then used by S&P at the time of such redemption or purchase), or (iv) the Trust Notes — Series 2017-A are redeemed pursuant to a Rating Event (to the extent it is triggered by a change of methodology at S&P), or a Tax Event, or (v) such redemption or purchase occurs on or after March 15, 2047.

Redemption on Rating Event or Tax Event

The Trust may, at its option, on giving not more than 60 nor less than 30 days' notice to the holders of the Trust Notes — Series 2017-A, redeem all (but not less than all) of the Trust Notes — Series 2017-A upon the occurrence of a Rating Event or a Tax Event. The redemption price per U.S.\$1,000 principal amount of Trust Notes — Series 2017-A will be equal to par (in the case of a Tax Event) and par plus \$20 (in the case of a Rating Event), together with accrued and unpaid interest to but excluding the date fixed for redemption. Trust Notes — Series 2017-A redeemed by the Trust shall be cancelled and shall not be reissued.

Purchase for Cancellation

The Trust Notes — Series 2017-A may be purchased, in whole or in part, by the Trust, at the direction of TCPL, in the open market or by tender or private contract. Trust Notes — Series 2017-A purchased by the Trust shall be cancelled and shall not be reissued. The purchase price payable by the Trust will be paid in cash. It is anticipated that the purchase price would be par or slightly below par.

Subordination

The Trust Notes — Series 2017-A will be direct unsecured subordinated obligations of the Trust. The payment of principal and interest on the Trust Notes — Series 2017-A, to the extent provided in the Trust Indenture, will be subordinated in right of payment to the prior payment in full of all present and future Issuer Senior Indebtedness, and will be effectively subordinated to all indebtedness and obligations of any subsidiaries of the Trust.

The subordination provisions and the event of default provisions of the Trust Notes — Series 2017-A as described herein are not likely to be relevant to the holders of the Trust Notes — Series 2017-A in their capacity as creditors of the Trust since, upon the occurrence of an Automatic Exchange Event, the Automatic Exchange provisions of the Trust Notes — Series 2017-A will result in the Trust Notes — Series 2017-A being automatically exchanged for the right to be issued TCPL Exchange Preferred Shares effective as of the Exchange Time. See “Risk Factors — Risks Related to the Trust Notes — Series 2017-A”.

Events of Default

An event of default in respect of the Trust Notes — Series 2017-A will occur only if the Trust or TCPL (i) resolves to wind-up or liquidate or is ordered wound-up or liquidated (other than in respect of a transaction of the kind permitted under “— Merger, Consolidation, Sale, Lease or Conveyance” below or in the event of any other dissolution of it, by operation of law) or (ii) makes a general assignment for the benefit of its creditors, or otherwise acknowledges its insolvency, becomes insolvent or is declared bankrupt or consents to the institution of bankruptcy or insolvency proceedings against it under any bankruptcy, insolvency or analogous laws or if a custodian, sequestrator, liquidator, receiver, receiver and manager or any other officer with similar powers is appointed of it or of its property or any part thereof which is, in the opinion of the Indenture Trustee, a substantial part thereof.

The event of default provisions of the Trust Notes — Series 2017-A described herein are not likely to be relevant to holders of the Trust Notes — Series 2017-A in their capacity as creditors of the Trust since the Automatic Exchange provisions of the Trust Notes — Series 2017-A will result in the Trust Notes — Series 2017-A being exchanged for the right to be issued TCPL Exchange Preferred Shares effective as of the Exchange Time. See “— Automatic Exchange” and “Risk Factors”.

If an event of default has occurred and is continuing, and the Trust Notes — Series 2017-A have not already been automatically exchanged for the right to be issued TCPL Exchange Preferred Shares, the Indenture Trustee may, in its discretion and shall upon the request of holders of not less than one-quarter of the principal amount of Trust Notes — Series 2017-A then outstanding under the Trust Indenture, declare the principal of and interest on all outstanding Trust Notes — Series 2017-A to be immediately due and payable. There will be no right of acceleration in the case of a default in the performance of any covenant of the Trust or TCPL in the Trust Indenture, although a legal action could be brought to enforce such covenant.

Rights on Termination of the Trust

The Trust may only be terminated with the approval of the holder of the Voting Trust Units and may only be terminated if no Trust Notes — Series 2017-A are outstanding or if all Trust Notes —

Series 2017-A are held by TCPL or any of its affiliates. The holders of the Trust Notes — Series 2017-A will not be entitled to initiate proceedings for the termination of the Trust.

TCPL will not approve the termination of the Trust unless the Trust has sufficient funds to pay the redemption price of the Trust Notes — Series 2017-A.

Guarantee by TCPL

TCPL will guarantee, on a subordinated basis, the due and punctual payment of the principal amount of and interest on (including, in case of default, interest on the amount in default) the Trust Notes — Series 2017-A and performance by the Trust of all the Trust's obligations to the holders of the Trust Notes — Series 2017-A pursuant to the Share Exchange Agreement and the Assignment and Set-Off Agreement. The payment of principal and interest under TCPL's guarantee of the Trust Notes — Series 2017-A, to the extent provided in the Indenture, will be subordinated in right of payment to the prior payment in full of all present and future Guarantor Senior Indebtedness, and will be effectively subordinated to all indebtedness and obligations of TCPL's subsidiaries.

Additional TCPL Covenants

In addition to the Dividend Stopper Undertaking, TCPL will covenant for the benefit of the holders of the Trust Notes — Series 2017-A, pursuant to the Share Exchange Agreement or the Assignment and Set-Off Agreement, as the case may be, that:

- (i) all of the outstanding Voting Trust Units will be held at all times, directly or indirectly, by TCPL;

- (iv) TCPL will not assign or otherwise transfer its obligations under the Share Exchange Agreement or the Assignment and Set-Off Agreement, except in the case of a merger, consolidation, amalgamation or reorganization or a sale of substantially all of the assets of TCPL;
- (v) if the Trust Notes — Series 2017-A have not been exchanged for rights to be issued TCPL Exchange Preferred Shares following the Automatic Exchange, TCPL will not, without the approval by Extraordinary Resolution of the holders of the Trust Notes — Series 2017-A, amend, delete or vary any terms attaching to the TCPL Exchange Preferred Shares other than amendments, deletions or variations which do not negatively impact future holders of TCPL Exchange Preferred Shares and amendments that relate to the preferred shares of TCPL as a class; and
- (vi) prior to the issuance of any TCPL Deferral Preferred Shares in respect of a Deferral Event, TCPL will not, without the approval by Extraordinary Resolution of the holders of the Trust Notes — Series 2017-A, amend, delete or vary any terms attaching to the TCPL Deferral Preferred Shares other than amendments, deletions or variations which do not negatively impact future holders of TCPL Deferral Preferred Shares and amendments that relate to the preferred shares of TCPL as a class.

Issue of TCPL Exchange and Deferral Preferred Shares in Connection with Automatic Exchange and Deferral Event

All corporate action necessary to authorize TCPL to issue TCPL Exchange and Deferral Preferred Shares pursuant to the terms of the Trust Notes — Series 2017-A will be completed prior to the closing of the Offering.

Share Exchange Agreement

On the Closing Date, TCPL, the Trust and the Exchange Trustee, as trustee for the holders of the Trust Notes — Series 2017-A, will enter into the Share Exchange Agreement providing for the grant of certain rights and obligations relating to the Automatic Exchange. Pursuant to the Share Exchange Agreement, TCPL will grant to the Exchange Trustee for the benefit of the holders of the Trust Notes — Series 2017-A the right to exchange such Trust Notes — Series 2017-A for the right to be issued TCPL Exchange Preferred Shares upon an Automatic Exchange and the Exchange Trustee on behalf of the holders of the Trust Notes — Series 2017-A will grant to TCPL the right to exchange such Trust Notes — Series 2017-A for the right to be issued TCPL Exchange Preferred Shares upon an Automatic Exchange. Holders of the Trust Notes — Series 2017-A will individually be bound by the Automatic Exchange, acting through the Exchange Trustee, on the basis contemplated by the Share Exchange Agreement. Pursuant to the Share Exchange Agreement, TCPL will covenant to take or refrain from taking certain actions so as to ensure that holders of the Trust Notes — Series 2017-A will receive the benefit of the Automatic Exchange, including obtaining the approval by Extraordinary Resolution of holders of the Trust Notes — Series 2017-A to any amendment to the provisions of the TCPL Exchange Preferred Shares (other than any amendments relating to the TCPL Preferred Shares as a class). See “— Additional TCPL Covenants” above.

Assignment and Set-Off Agreement

On the Closing Date, TCPL, TCC, the Trust and the Indenture Trustee, as bare trustee and nominee for and on behalf of the holders of the Trust Notes — Series 2017-A, will enter into the Assignment and Set-Off Agreement providing for the Dividend Stopper Undertaking and the grant of certain rights and obligations relating to the Deferral Event Subscription.

Capital Reorganizations and Amalgamations

If there is a capital reorganization, merger or amalgamation or sale of substantially all the assets of TCPL or a comparable transaction affecting the TCPL Exchange Preferred Shares, the Share Exchange Agreement will provide that holders of the Trust Notes — Series 2017-A will be entitled to receive, pursuant to the Automatic Exchange provisions, after the capital reorganization, merger or amalgamation or sale of substantially all the assets of TCPL or a comparable transaction affecting the TCPL Exchange Preferred Shares, the number of TCPL Exchange Preferred Shares or other securities or consideration of TCPL or of a corporation resulting, surviving or continuing from the capital reorganization, merger or amalgamation or sale of substantially all the assets of TCPL or a comparable transaction affecting the TCPL Exchange Preferred Shares, that such holder would have received had its Trust Notes — Series 2017-A been exchanged, pursuant to the Automatic Exchange, for TCPL Exchange Preferred Shares immediately prior to the record date of the capital reorganization, merger or amalgamation or sale of substantially all the assets of TCPL or a comparable transaction affecting the TCPL Exchange Preferred Shares.

If there is a capital reorganization, merger or amalgamation or sale of substantially all the assets of TCPL or a comparable transaction affecting the TCPL Deferral Preferred Shares, the Assignment and Set-Off Agreement will provide that holders of the Trust Notes — Series 2017-A will be entitled to receive, upon a Deferral Event, after the capital reorganization, merger or amalgamation or sale of substantially all the assets of TCPL or a comparable transaction affecting the TCPL Deferral Preferred Shares, the number of TCPL Deferral Preferred Shares or other securities or consideration of TCPL or of a corporation resulting, surviving or continuing from the capital reorganization, merger or amalgamation or sale of substantially all the assets of TCPL or a comparable transaction affecting the TCPL Deferral Preferred Shares, that such holder would have received had the TCPL Deferral Preferred Shares been issued immediately prior to the record date of the capital reorganization, merger or amalgamation or sale of substantially all the assets of TCPL or a comparable transaction affecting the TCPL Deferral Preferred Shares.

Merger, Consolidation, Sale, Lease or Conveyance

The Trust Indenture provides that neither the Trust nor TCPL will merge, amalgamate or consolidate with any other person and will not sell, lease or convey all or substantially all its assets to any person, unless the Trust or TCPL, as applicable, shall be the continuing person, or unless the successor corporation or person that acquires all or substantially all the assets of the Trust or TCPL, as applicable, shall expressly assume all of the covenants to be performed and conditions to be observed by the Trust or TCPL, as applicable, under the Trust Indenture, and unless immediately after such merger, amalgamation, consolidation, sale, lease or conveyance, the Trust or TCPL, as applicable, such person or such successor corporation shall not be in default in the performance of the covenants and conditions of such Trust Indenture to be performed or observed by the Trust or TCPL, as applicable.

If such successor corporation or person that acquires all or substantially all the assets of the Trust or TCPL is organized under the laws of a jurisdiction other than the laws of Canada or any province or territory thereof or the United States, any state thereof or the District of Columbia, such successor corporation or person shall assume the Trust's or TCPL's obligations, as the case may be, under the Indenture to pay Additional Amounts, with the name of such successor jurisdiction being included in addition to Canada in each place that Canada appears in "Payment of Additional Amounts".

Payment of Additional Amounts

All payments made by or on account of any obligation of the Trust under or with respect to the Trust Notes — Series 2017-A, or by or on account of any obligation of TCPL under or with respect to its guarantee of the Trust Notes — Series 2017-A, shall be made free and clear of and without withholding or deduction for, or on account of, any present or future tax, duty, levy, impost, assessment or other governmental charge (including penalties, interest and other liabilities related thereto) imposed or levied by or on behalf of the Government of Canada or any province or territory thereof or by any authority or agency therein or thereof having power to tax (hereinafter, "Canadian Taxes"), unless the Trust or TCPL is required to withhold or deduct Canadian Taxes by law or by the interpretation or administration thereof by the relevant government authority or agency. If the Trust or TCPL is so required to withhold or deduct any amount for or on account of Canadian Taxes from any payment made under or with respect to the Trust Notes — Series 2017-A or the guarantee thereof, the Trust or TCPL shall pay as additional interest such additional amounts (hereinafter "Additional Amounts") as may be necessary so that the net amount received by each holder of the Trust Notes — Series 2017-A (including Additional Amounts) after such withholding or deduction shall not be less than the amount the holder of the Trust Notes — Series 2017-A would have received if such Canadian Taxes had not been withheld or deducted; provided, however, that no Additional Amounts shall be payable with respect to a payment made to a holder of the Trust Notes — Series 2017-A (hereinafter an "Excluded Holder") in respect of a beneficial owner (i) with which the Trust or TCPL does not deal at

arm's length (for purposes of the *Income Tax Act* (Canada)) at the time of the making of such payment, (ii) which is subject to such Canadian Taxes by reason of the failure to comply with any certification, identification, information, documentation or other reporting requirement by a holder of the Trust Notes — Series 2017-A if compliance is required by law, regulation, administrative practice or an applicable treaty as a precondition to exemption from, or a reduction in, the rate of deduction or withholding of, such Canadian Taxes, (iii) where all or any portion of the amount paid to such holder of the Trust Notes — Series 2017-A is deemed to be a dividend paid to such Holder pursuant to subsection 214(16) of the *Income Tax Act* (Canada), or (iv) which is subject to such Canadian Taxes by reason of its carrying on business in or being connected with Canada or any province or territory thereof otherwise than by the mere holding of Trust Notes — Series 2017-A or the receipt of payments thereunder. The Trust or TCPL shall make such withholding or deduction and remit the full amount deducted or withheld to the relevant authority as and when required under applicable law.

If a holder of the Trust Notes — Series 2017-A has received a refund or credit for any Canadian Taxes with respect to which the Trust or TCPL has paid Additional Amounts, such holder of the Trust Notes — Series 2017-A shall pay over such refund to the Trust or TCPL (but only to the extent of such Additional Amounts), net of all out-of-pocket expenses of such holder of the Trust Notes — Series 2017-A, together with any interest paid by the relevant tax authority in respect of such refund.

If Additional Amounts are required to be paid as a result of a Tax Event, the Trust may elect to redeem the outstanding Trust Notes — Series 2017-A. See “— Redemption on Rating Event or Tax Event” above.

Amendment, Supplement and Waiver

The Trust Indenture or the Trust Notes — Series 2017-A may be amended and any existing default or event of default or compliance with any provision of the Trust Indenture or the Trust Notes — Series 2017-A may be waived by Extraordinary Resolution; provided that, in any case, without the consent of each holder of the outstanding Trust Notes — Series 2017-A affected thereby, the Trust and the Trustee may not (a) extend the stated maturity of the principal of the Trust Notes — Series 2017-A, (b) reduce the principal amount thereof or reduce the rate or extend the time of payment of interest thereon, (c) reduce any amount payable on redemption thereof, (d) change the place at which or currency in which principal and interest payments are to be made, (e) reduce the amount of any original issue discount security payable upon acceleration or provable in bankruptcy or impair the right to institute suit for the enforcement of any payment on any of the Trust Notes — Series 2017-A when due, or (f) reduce the aforesaid percentage in principal amount of the Trust Notes — Series 2017-A.

Issue of Additional Trust Securities

The Trust may, at any time and from time to time, issue additional Voting Trust Units, Trust Notes or other subordinated notes without the authorization of holders of the Trust Notes — Series 2017-A. In the event that the Trust issues additional series of subordinated notes, the rights, privileges, restrictions and conditions attached to such additional series may vary materially from the Trust Notes — Series 2017-A. In such event, the right of the holders of the Trust Notes — Series 2017-A to receive interest or principal may rank *pari passu* with the rights of the holders of other subordinated notes.

The Trust may from time to time without notice to, or the consent of, the holders of the Trust Notes — Series 2017-A, create and issue additional Trust Notes — Series 2017-A, equal in rank to the Trust Notes — Series 2017-A in all respects so that the new Trust Notes — Series 2017-A may be consolidated and form a single series with the Trust Notes — Series 2017-A, and have the same terms as to status, redemption and otherwise as the Trust Notes — Series 2017-A issued under this prospectus.

Governing Law

The Indenture and the Trust Notes — Series 2017-A will be governed by and construed in accordance with the laws of the Province of Ontario and the federal laws of Canada applicable therein.

Book-Entry Only Form

Upon issuance, the Trust Notes — Series 2017-A will be represented by one or more fully registered global securities (the “Global Securities”) registered in the name of Cede & Co. (the nominee of The Depository Trust Company (the “Clearing Agency”)), or such other name as may be requested by an authorized representative of the Clearing Agency. The authorized denominations of each Trust Note — Series 2017-A will be U.S.\$1,000 and integral multiples thereof. Accordingly, the Trust Notes — Series 2017-A may be transferred or exchanged only through the Clearing Agency and its participants. Except as described below, owners of beneficial interests in the Global Securities will not be entitled to receive the Trust Notes — Series 2017-A in definitive form.

Beneficial interests in the Trust Notes — Series 2017-A will be represented through book-entry accounts of financial institutions acting on behalf of beneficial owners as direct and indirect participants in the Clearing Agency. Holders of the Trust Notes — Series 2017-A may elect to hold interests in the Trust Notes — Series 2017-A in global form through either the Clearing Agency in the U.S. or Clearstream Banking, société anonyme (“Clearstream, Luxembourg”), or Euroclear Bank S.A./N.V. (“Euroclear”), if they are participants in those systems, or indirectly through organizations which are participants in those systems. Clearstream, Luxembourg and Euroclear will hold interests on behalf of their participants through customers’ securities accounts in Clearstream, Luxembourg’s and Euroclear’s names on the books of their respective depositories, which in turn will hold such interests in customers’ securities accounts in the depositories’ names on the books of the Clearing Agency.

Each person owning a beneficial interest in a Global Security must rely on the procedures of the Clearing Agency and, if such person is not a participant, on the procedures of the participant through which such person owns its interest in order to exercise any rights of a holder under the Trust Indenture. The laws of some jurisdictions require that certain purchasers of securities take physical delivery of such securities in certificated form. Such limits and such laws may impair the ability to transfer beneficial interests in a Global Security representing the Trust Notes — Series 2017-A.

The following is based on information furnished by the Clearing Agency:

The Clearing Agency is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Exchange Act. The Clearing Agency holds securities that its participants (“Participants”) deposit with the Clearing Agency. The Clearing Agency also facilitates the settlement among Participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in Participants’ accounts, thereby eliminating the need for physical movement of securities certificates. These direct Participants (“Direct Participants”) include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. The Clearing Agency is a wholly-owned subsidiary of the Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for the Clearing Agency, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the Clearing Agency’s system is also available to others such as securities brokers and dealers, banks and trust companies that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). The rules applicable to the Clearing Agency and its Participants are on file with the SEC.

Purchases of the Trust Notes — Series 2017-A under the Clearing Agency’s system must be made by or through Direct Participants, which will receive a credit for such Trust Notes — Series 2017-A on the Clearing Agency’s records. The ownership interest of each actual purchaser of each Trust Note — Series 2017-A represented by a Global Security (“Beneficial Owner”) is in turn to be recorded on the Direct Participants’ and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from the Clearing Agency of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct Participants or Indirect Participants through which such Beneficial Owner entered into the transaction. Transfers of ownership interests in a Global Security representing the Trust Notes — Series 2017-A are to be accomplished by entries made on the books of Participants acting on behalf of Beneficial Owners. Beneficial Owners of a Global Security representing the Trust Notes — Series 2017-A will not receive the Trust Notes — Series 2017-A in definitive form representing their ownership interests therein, except in the event that use of the book-entry system for such Trust Notes — Series 2017-A is discontinued.

To facilitate subsequent transfers, the Global Securities representing the Trust Notes — Series 2017-A which are deposited with the Clearing Agency are registered in the name of the Clearing Agency’s nominee, Cede & Co., or such other name as may be requested by an authorized representative of the Clearing Agency. The deposit of Global Securities with the Clearing Agency and their registration in the name of Cede & Co. or such other nominee effect no change in beneficial ownership. The Clearing Agency has no knowledge of the actual Beneficial Owners of the Global Securities representing the Trust Notes — Series 2017-A; the Clearing Agency’s records reflect only the identity of the Direct Participants to whose accounts such Trust Notes — Series 2017-A are credited, which may or may not be the Beneficial Owners. The Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by the Clearing Agency to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Neither the Clearing Agency nor Cede & Co. (nor such other nominee of the Clearing Agency) will consent or vote with respect to the Global Securities representing the Trust Notes — Series 2017-A. Under its usual procedures, the Clearing Agency mails an “omnibus proxy” to the Trust as soon as possible after the applicable record date. The omnibus proxy assigns Cede & Co.’s consenting or voting rights to those Direct Participants to whose accounts the Trust Notes — Series 2017-A are credited on the applicable record date (identified in a listing attached to the omnibus proxy).

Principal, premium, if any, and interest payments on the Global Securities representing the Trust Notes — Series 2017-A will be made to Cede & Co. (or such other nominee as may be requested by an authorized representative of the Clearing Agency). The Clearing Agency’s practice is to credit Direct Participants’ accounts, upon the Clearing Agency’s receipt of funds and corresponding detailed information from the Trust or the Trustee, on the applicable payment date in accordance with their respective holdings shown on the Clearing Agency’s records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in “street name”, and will be the responsibility of such Participant and not of the Clearing Agency, the applicable Trustee or us, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal, premium, if any, and interest to Cede & Co. (or such other nominee as may be requested by an authorized representative of the Clearing Agency) is the responsibility of the Trust or the applicable Trustee (provided it has received funds from the Trust), disbursement of such payments to Direct Participants shall be the responsibility of the Clearing Agency, and disbursement of such payments to the Beneficial Owners shall be the responsibility of Direct and Indirect Participants.

The Clearing Agency may discontinue providing its services as securities depository with respect to the Trust Notes — Series 2017-A at any time by giving reasonable notice to us or the Trustee. Under such circumstances, in the event that a successor securities depository is not obtained, Trust Notes — Series 2017-A in definitive form are required to be printed and delivered to each holder.

We may decide to discontinue use of the system of book-entry transfers through the Clearing Agency (or a successor securities depository). In that event, the Trust Notes — Series 2017-A in definitive form will be printed and delivered.

Clearstream, Luxembourg advises that it is incorporated under the laws of Luxembourg as a professional depository. Clearstream, Luxembourg holds securities for its participating organizations (“Clearstream participants”), and facilitates the clearance and settlement of securities transactions between Clearstream participants through electronic book-entry changes in accounts of Clearstream participants, thereby eliminating the need for physical movement of certificates. Clearstream, Luxembourg provides to Clearstream participants, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream, Luxembourg interfaces with domestic markets in several countries. As a professional depository, Clearstream, Luxembourg is subject to regulation by the Luxembourg Commission for the Supervision of the Financial Sector (Commission de Surveillance du Secteur Financier). Clearstream participants are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations and may include the underwriters. Indirect access to Clearstream, Luxembourg is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Clearstream participant, either directly or indirectly.

Distributions with respect to interests in the Trust Notes — Series 2017-A held beneficially through Clearstream, Luxembourg will be credited to cash accounts of Clearstream participants in accordance with its rules and procedures, to the extent received by the Clearing Agency for Clearstream, Luxembourg.

Euroclear advises that it was created in 1968 to hold securities for participants of Euroclear (“Euroclear participants”), and to clear and settle transactions between Euroclear participants through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. Euroclear includes various other services, including securities lending and borrowing and interfaces with domestic markets in several countries. Euroclear is operated by Euroclear Bank S.A./N.V. (“Euroclear Operator”). All operations are conducted by the Euroclear Operator, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear Operator. Euroclear participants include banks (including central banks), securities brokers and dealers and other professional financial intermediaries and may include the underwriters. Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear participant, either directly or indirectly.

Securities clearance accounts and cash accounts with the Euroclear Operator are governed by the Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of the Euroclear System, and applicable Belgian law (collectively, the “Terms and Conditions”). The Terms and Conditions govern transfers of securities and cash within the Euroclear System, withdrawals of securities and cash from the Euroclear System, and receipts of payment with respect to securities in the Euroclear System. All securities in the Euroclear System are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear Operator acts under the Terms and Conditions only on behalf of Euroclear participants, and has no records of or relationship with persons holding through Euroclear participants.

Distributions with respect to the Trust Notes — Series 2017-A held beneficially through the Euroclear System will be credited to the cash accounts of Euroclear participants in accordance with the Terms and Conditions, to the extent received by the U.S. depository for the Euroclear System.

The information in this section concerning the Clearing Agency and the Clearing Agency's book-entry system, Clearstream, Luxembourg and Euroclear has been obtained from sources that we believe to be reliable, but is subject to any changes to the arrangements between us and the Clearing Agency and any changes to such procedures that may be instituted unilaterally by the Clearing Agency, Clearstream, Luxembourg and Euroclear.

Transfers

Transfers of ownership of the Trust Notes — Series 2017-A will be effected only through records maintained by the Clearing Agency for such Trust Notes — Series 2017-A with respect to interests of Participants and on the records of Participants with respect to interests of persons other than Participants. Holders of the Trust Notes — Series 2017-A who are not Participants, but who desire to purchase, sell or otherwise transfer ownership of or other interests in the Trust Notes — Series 2017-A, may do so only through Participants. The ability of a holder to pledge Trust Notes — Series 2017-A or otherwise take action with respect to such holder's interest in Trust Notes — Series 2017-A (other than through a Participant) may be limited due to the lack of a physical certificate. See "Risk Factors — Risks Related to the Trust Notes — Series 2017-A — Liquidity of and Dealings in Trust Notes — Series 2017-A".

Payments and Deliveries

As long as the Clearing Agency is the registered owner of the Trust Notes — Series 2017-A, the Clearing Agency will be considered the sole owner of the Trust Notes — Series 2017-A for the purposes of receiving payments on the Trust Notes — Series 2017-A or the delivery of TCPL Exchange Preferred Shares or TCPL Deferral Preferred Shares upon the occurrence of an Automatic Exchange or Deferral Event, as applicable. Payments of interest in respect of Trust Notes — Series 2017-A will be made by the Trust to the Clearing Agency as the registered holder of the Trust Notes — Series 2017-A and the Trust understands that such payments will be forwarded by the Clearing Agency to Participants in accordance with the Clearing Agency Procedures. Deliveries of TCPL Exchange Preferred Shares in respect of the exercise or operation of the Automatic Exchange or TCPL Deferral Preferred Shares in connection with a Deferral Event in the limited circumstances described under "— Automatic Exchange" and "— Deferral Right" will be made by TCPL or the Trust, as the case may be, to the Clearing Agency as the registered holder of the Trust Notes — Series 2017-A and TCPL and the Trust understand that such shares will be forwarded by the Clearing Agency to Participants in accordance with the Clearing Agency Procedures. As long as the Trust Notes — Series 2017-A are held in the Clearing Agency book-entry only system, the responsibility and liability of the Trustee and/or TCPL in respect of the Trust Notes — Series 2017-A is limited to making payment of any amount due on the Trust Notes — Series 2017-A and/or making delivery of TCPL Exchange Preferred Shares or TCPL Deferral Preferred Shares in respect thereof to the Clearing Agency.

Rights on Liquidation

In the event of the liquidation, dissolution or winding-up of TCPL, the holders of the TCPL Exchange and Deferral Preferred Shares shall be entitled to receive U.S.\$1,000 per share (less any amount that may have been returned to holders as a return of capital), together with all accrued and unpaid dividends thereon, subject to any applicable withholding tax, before any amount shall be paid or any assets of TCPL distributed to the holders of TCPL Common Shares or any shares ranking junior to the TCPL Exchange and Deferral Preferred Shares. The holders of the TCPL Exchange and Deferral Preferred Shares shall not be entitled to share in any further distribution of the property or assets of TCPL.

Restrictions on Dividends and Retirement of TCPL Exchange Preferred Shares

So long as any of the TCPL Exchange Preferred Shares are outstanding, TCPL will not, without the approval of the holders of the TCPL Exchange Preferred Shares, given as specified below:

- (i) declare any dividend on the TCPL Common Shares or any other shares ranking junior to the TCPL Exchange Preferred Shares (other than stock dividends on shares ranking junior to the TCPL Exchange Preferred Shares); or
- (ii) redeem, purchase or otherwise retire any TCPL Common Shares or any other shares ranking junior to the TCPL Exchange Preferred Shares (except out of the net cash proceeds of a substantially concurrent issue of shares ranking junior to the TCPL Exchange Preferred Shares); or
- (iii) redeem, purchase or otherwise retire: (i) less than all the TCPL Exchange Preferred Shares; or (ii) except pursuant to any purchase obligation, sinking fund, retraction privilege or mandatory redemption provisions attaching to any series of preferred shares of TCPL, any other shares ranking on a parity with the TCPL Exchange Preferred Shares;

unless, in each case, all dividends on the TCPL Exchange Preferred Shares and on all other shares ranking prior to or on a parity with the TCPL Exchange Preferred Shares, have been declared and paid or set apart for payment.

Restrictions on Dividends and Retirement of TCPL Deferral Preferred Shares

So long as any of the TCPL Deferral Preferred Shares are outstanding, TCPL shall not, without the approval of the holders of the TCPL Deferral Preferred Shares:

- (i) declare any dividend on the TCPL Common Shares or any other shares ranking junior to the TCPL Deferral Preferred Shares (other than stock dividends on shares ranking junior to the TCPL Deferral Preferred Shares); or
- (ii) redeem, purchase or otherwise retire any TCPL Common Shares or any other shares ranking junior to the TCPL Deferral Preferred Shares (except out of the net cash proceeds of a substantially concurrent issue of shares ranking junior to the TCPL Deferral Preferred Shares).

In addition, so long as any of the TCPL Deferral Preferred Shares are outstanding TCPL shall not, without the approval of the holders of the TCPL Deferral Preferred Shares, redeem, repurchase or otherwise retire: (i) less than all of the TCPL Deferral Preferred Shares; or (ii) except pursuant to any purchase obligation, sinking fund, retraction privilege, or mandatory redemption provisions attaching to any series of preferred shares of TCPL, any other shares ranking *pari passu* with the TCPL Deferral Preferred Shares, unless, in each case, all dividends payable on the TCPL Deferral Preferred Shares, and on all other shares ranking prior to or *pari passu* with the TCPL Deferral Preferred Shares, have been declared and paid or set apart for payment.

Issue of Additional Series of TCPL Preferred Shares

TCPL may issue other series of TCPL Preferred Shares without the authorization of the holders of the TCPL Exchange and Deferral Preferred Shares, as applicable.

Shareholder Approvals

The approval of any amendments to the rights, privileges, restrictions and conditions attaching to the TCPL Exchange and Deferral Preferred Shares, respectively, may be given by a resolution carried by the affirmative vote of not less than 66 $\frac{2}{3}$ % of the votes cast at a meeting of holders of TCPL

Exchange Preferred Shares or TCPL Deferral Preferred Shares, as applicable, at which at least a majority of the outstanding TCPL Exchange Preferred Shares or TCPL Deferral Preferred Shares, as applicable, is represented or, if no quorum is present at such meeting, at a meeting following such adjourned meeting at which no quorum requirement would apply. Pursuant to the Share Exchange Agreement and the Assignment and Set-Off Agreement, TCPL will covenant that for so long as the Trust Notes — Series 2017-A are outstanding no amendment will be made to the rights, privileges, restrictions and conditions of the TCPL Exchange Preferred Shares and the TCPL Deferral Preferred Shares, respectively, (other than any amendments relating to the TCPL Preferred Shares as a class) without the prior approval of the holders of the Trust Notes — Series 2017-A by Extraordinary Resolution.

Voting Rights

The holders of the TCPL Exchange and Deferral Preferred Shares, as applicable, will not be entitled to receive notice of or to attend or to vote at any meeting of the shareholders of TCPL unless and until TCPL shall fail to pay in aggregate six quarterly dividends on the TCPL Exchange and Deferral Preferred Shares, as applicable, whether or not consecutive and whether or not dividends have been declared and whether or not there are any monies of TCPL properly applicable to the payment of dividends. In that event, the holders of the TCPL Exchange and Deferral Preferred Shares, as applicable, will be entitled to receive notice of, and to attend, all meetings of shareholders and will be entitled to one vote for each share held. The voting rights of the holders of the TCPL Exchange and Deferral Preferred Shares shall forthwith cease upon payment by TCPL of all arrears of dividends on any outstanding TCPL Exchange and Deferral Preferred Shares, as applicable, unless and until six quarterly dividends on the TCPL Exchange and Deferral Preferred Shares shall again be in arrears and unpaid.

Tax Election

The TCPL Exchange Preferred Shares and TCPL Deferral Preferred Shares will be “taxable preferred shares” as defined in the Tax Act for purposes of the tax under Part IV.1 of the Tax Act. The terms of the TCPL Exchange and Deferral Preferred Shares will require TCPL to make the necessary election under Part VI.1 of the Tax Act so that corporate holders will not be subject to the tax under Part IV.1 of the Tax Act on dividends received (or deemed to be received) on the TCPL Exchange and Deferral Preferred Shares.

Book-Entry Only Form

Unless TCPL elects otherwise, the TCPL Exchange Preferred Shares and TCPL Deferral Preferred Shares will be issued in “book-entry only” form and, subject to the limitations applicable to the TCPL Deferral Preferred Shares described under “Description of the Trust Securities — Trust Notes — Series 2017-A — Deferral Right”, may be purchased, held and transferred in substantially the same manner as the Trust Notes — Series 2017-A. See “Description of the Trust Securities — Trust Notes — Series 2017-A — Book-Entry Only Form”.

DESCRIPTION OF THE 2017 TCPL SUB NOTES

The following is a summary of the terms and conditions attaching to the 2017 TCPL Sub Notes. This summary is qualified in its entirety by the terms of the 2017 TCPL Sub Notes.

Interest and Maturity

Each 2017 TCPL Sub Note will be dated as of the Closing Date and will mature on March 15, 2077. From the Closing Date to March 15, 2027, TCPL will pay interest on the 2017 TCPL Sub Notes in equal semi-annual installments on March 15 and September 15 of each year to the persons in whose names the 2017 TCPL Sub Notes are registered at the close of business on the preceding March 1 or September 1, respectively. Notwithstanding the foregoing, assuming the 2017 TCPL Sub Notes are issued on March 2, 2017, the first interest payment on the 2017 TCPL Sub Notes on September 15, 2017 will be in the amount of U.S.\$29.75 per U.S.\$1,000 principal amount of 2017 TCPL Sub Notes. Starting on March 15, 2027, TCPL will pay interest on the 2017 TCPL Sub Notes on every March 15, June 15, September 15 and December 15 of each year during which the 2017 TCPL Sub Notes are outstanding thereafter until March 15, 2077 to the persons in whose names the 2017 TCPL Sub Notes are registered at the close of business on the preceding March 1, June 1, September 1 or December 1, respectively (each such semi-annual or quarterly date, as applicable, a “TCPL Sub Note Interest Payment Date”).

From the Closing Date to, but excluding, March 15, 2027, the interest rate on the 2017 TCPL Sub Notes will be fixed at 5.55% per annum, payable in arrears. Starting on March 15, 2027, and on every March 15, June 15, September 15 and December 15 of each year during which the 2017 TCPL Sub Notes are outstanding thereafter until March 15, 2077 (each such date, a “TCPL Sub Notes Interest Reset Date”), the interest rate on the 2017 TCPL Sub Notes will be reset as follows: (i) starting on March 15, 2027, on every TCPL Sub Notes Interest Reset Date, until March 15, 2047, the interest rate on the 2017 TCPL Sub Notes will be reset at an interest rate per annum equal to the three month LIBOR plus 3.458%, payable in arrears, with the first payment at such rate being on June 15, 2027 and, (ii) starting on March 15, 2047, on every TCPL Sub Notes Interest Reset Date, until March 15, 2077, the interest rate on the 2017 TCPL Sub Notes will be reset on each TCPL Sub Notes Interest Reset Date at an interest rate per annum equal to the three month LIBOR plus 4.208%, payable in arrears, with the first payment at such rate being on June 15, 2047.

In addition to the 2017 TCPL Sub Notes, the Trust may acquire other assets from time to time. To the extent required from time to time, the Trust will borrow the necessary amount from TCPL under the Credit Facility.

Redemption at the Option of TCPL

On or after March 15, 2027 TCPL may, at its option, on giving not more than 60 nor less than 30 days’ notice to the holder of the 2017 TCPL Sub Notes, redeem the 2017 TCPL Sub Notes, in whole at any time or in part from time to time. The redemption price per U.S.\$1,000 principal amount redeemed on any TCPL Sub Note Interest Reset Date will be par, together in either case with accrued and unpaid interest to but excluding the date fixed for redemption. The 2017 TCPL Sub Notes redeemed shall be cancelled and shall not be reissued.

If TCPL has redeemed the 2017 TCPL Sub Notes, in whole or in part, the Trust will be required to redeem a corresponding principal amount of the Trust Notes — Series 2017-A. It is the intention of the Trust to use the proceeds of redemption received in respect of the 2017 TCPL Sub Notes to make payment to the holders of the Trust Notes — Series 2017-A to be redeemed, as required.

Notwithstanding the foregoing, in the event that the Trust elects to redeem the Trust Notes — Series 2017-A as a result of a Rating Event or Tax Event, TCPL shall redeem a corresponding amount

of 2017 TCPL Sub Notes, at a redemption price per \$1,000 principal amount of 2017 TCPL Sub Notes equal to par (in the case of a Tax Event) or par plus \$20 (in the case of a Rating Event), together with accrued and unpaid interest to, but excluding, the date fixed for redemption.

Redemption on Tax or Rating Event

TCPL may, at its option, on giving not more than 60 nor less than 30 days' notice to the holder of the 2017 TCPL Sub Notes, redeem all (but not less than all) of the 2017 TCPL Sub Notes upon the occurrence of a Rating Event or Tax Event. The redemption price per U.S.\$1,000 principal amount of the 2017 TCPL Sub Notes will be equal to par (in the case of a Tax Event) or par plus \$20 (in the case of a Rating Event), together with accrued and unpaid interest to but excluding the date fixed for redemption.

Events of Default

An event of default in respect of the 2017 TCPL Sub Notes will occur only if TCPL (i) resolves to wind-up or liquidate or is ordered wound-up or liquidated (other than in respect of certain transactions permitted under the TCPL Sub Note Trust Indenture similar to the transactions described under "Description of the Trust Securities — Merger, Consolidation, Sale, Lease or Conveyance" above, or in the event of any other dissolution of TCPL, by operation of law) or (ii) makes a general assignment for the benefit of its creditors, or otherwise acknowledges its insolvency, becomes insolvent or is declared bankrupt or consents to the institution of bankruptcy or insolvency proceedings against it under any bankruptcy, insolvency or analogous laws or if a custodian, sequestrator, liquidator, receiver, receiver and manager or any other officer with similar powers is appointed of TCPL or of the property of TCPL or any part thereof which is, in the opinion of the trustee under the TCPL Sub Note Trust Indenture, a substantial part thereof.

The event of default provisions of the 2017 TCPL Sub Notes described herein are not likely to be relevant to holders of the Trust Notes — Series 2017-A since the Automatic Exchange provisions of the Trust Notes — Series 2017-A will result in the Trust Notes — Series 2017-A being exchanged for the right to be issued TCPL Exchange Preferred Shares effective as of the Exchange Time. Failure by TCPL to make payments or to satisfy its other obligations under the 2017 TCPL Sub Notes will not entitle the Trust to accelerate the 2017 TCPL Sub Notes.

Priority of the 2017 TCPL Sub Notes

The 2017 TCPL Sub Notes are junior unsecured subordinated obligations of TCPL. The payment of principal and interest on the 2017 TCPL Sub Notes, to the extent provided in the Indenture, will be subordinated in right of payment to the prior payment in full of all present and future TCPL Senior Indebtedness, and will be effectively subordinated to all indebtedness and obligations of TCPL's subsidiaries. See "Risk Factors — Risks Related to the Trust Notes — Series 2017-A".

CERTAIN CANADIAN FEDERAL INCOME TAX CONSIDERATIONS

In the opinion of Stikeman Elliott LLP, Canadian tax counsel to the Trust and TCPL, and Norton Rose Fulbright Canada LLP, counsel to the Underwriters, the following is a summary of the principal Canadian federal income tax considerations generally applicable to a holder of Trust Notes — Series 2017-A who acquires Trust Notes — Series 2017-A under the Offering and who, for purposes of the Tax Act and at all relevant times, (i) is not, and is not deemed to be, resident in Canada, (ii) deals at arm's length with and is not affiliated with TCPL or the Trust or any of their respective affiliates, (iii) deals at arm's length with any transferee resident (or deemed to be resident) in Canada to whom the holder disposes of a Trust Note — Series 2017-A, (iv) is not a financial institution, (v) holds Trust Notes — Series 2017-A and any TCPL Exchange and Deferral Preferred Shares as capital property, and

(vi) does not use or hold the Trust Notes — Series 2017-A and any TCPL Exchange and Deferral Preferred Shares in a business carried on in Canada (a “Non-Resident Holder”). Generally, Trust Notes — Series 2017-A and TCPL Exchange and Deferral Preferred Shares will be considered to constitute capital property to a Non-Resident Holder provided that the Non-Resident Holder does not hold Trust Notes — Series 2017-A or TCPL Exchange and Deferral Preferred Shares in the course of carrying on a business of buying and selling securities and has not acquired them in one or more transactions considered to be an adventure in the nature of trade. Special rules, which are not discussed in this summary, may apply to certain Non-Resident Holders that are (i) insurers carrying on an insurance business in Canada and elsewhere or (ii) an “authorized foreign bank” (as defined in the Tax Act).

This summary assumes that no interest paid on the Trust Notes — Series 2017-A will be in respect of a debt or other obligation to pay an amount to a person with whom the Trust or TCPL does not deal at arm’s length within the meaning of the Tax Act. This summary is based upon the current provisions of the Tax Act and the regulations issued thereunder in force as of the date hereof, and all specific proposals to amend the Tax Act and the regulations thereunder publicly announced by or on behalf of the Minister of Finance (Canada) prior to the date hereof (the “Tax Proposals”) and counsel’s understanding of the administrative policies and assessing practices of the CRA published in writing by the CRA prior to the date hereof. This summary is not exhaustive of all Canadian federal income tax considerations and, except for the Tax Proposals, does not take into account or anticipate any changes in law or CRA administrative policies and assessing practices, whether by way of legislative, governmental or judicial decision or action, nor does it take into account or consider any other federal tax considerations or any provincial, territorial or foreign tax considerations, which may differ materially from those discussed herein. While this summary assumes that the Tax Proposals will be enacted in the form proposed, no assurance can be given that such proposals will be enacted in their current form, or at all.

Generally, for purposes of the Tax Act, all amounts relating to the acquisition, holding or disposition of Trust Notes — Series 2017-A, TCPL Exchange Preferred Shares or TCPL Deferral Preferred Shares must be determined in Canadian dollars. Any such amount that is expressed or denominated in a currency other than Canadian dollars must be converted into Canadian dollars using the relevant exchange rate determined in accordance with the Tax Act on the relevant day or such other rate of exchange acceptable to the Minister of National Revenue (Canada).

This summary is of a general nature only and is not, and is not intended to be, and should not be construed to be, legal or tax advice to any particular Non-Resident Holder and no representation with respect to the income tax consequences to any particular Non-Resident Holder is made. Prospective purchasers of Trust Notes — Series 2017-A should consult their own tax advisors with respect to the tax consequences of acquiring, holding and disposing of Trust Notes — Series 2017-A.

Trust Notes — Series 2017-A

Interest on and disposition of the Trust Notes — Series 2017-A

Under the Tax Act, interest, principal and premium, if any, paid or credited, or deemed to be paid or credited to a Non-Resident Holder on Trust Notes — Series 2017-A, including any interest that is applied on behalf of a Non-Resident Holder to acquire TCPL Deferral Preferred Shares upon a Deferral Event and any interest that is paid to the Non-Resident Holder by the issuance of rights to acquire TCPL Exchange Preferred Shares upon an Automatic Exchange, will be exempt from Canadian non-resident withholding tax. No other taxes on income (including taxable capital gains) will be payable under the Tax Act in respect of the acquisition, holding, redemption or disposition of Trust Notes — Series 2017-A, or the receipt of interest, premium or principal thereon by a Non-Resident Holder solely

as a consequence of such acquisition, holding, redemption or disposition of Trust Notes — Series 2017-A.

Rights under Automatic Exchange and Deferral Event Subscription

TCPL and the Exchange Trustee have been advised by J.P. Morgan Securities LLC and Deutsche Bank Securities Inc., that the value to Non-Resident Holders of the rights granted to Non-Resident Holders on the Closing Date under each of the Automatic Exchange and the Deferral Event Subscription is nominal and, therefore, TCPL is of the view that no amount should be allocated to such rights. However, this determination is not binding on the CRA.

Deferral Event

A Non-Resident Holder may acquire TCPL Deferral Preferred Shares upon the occurrence of a Deferral Event. The cost to a Non-Resident Holder of the TCPL Deferral Preferred Share received will be equal to the amount of interest that is applied on behalf of such Non-Resident Holder to acquire such share.

Automatic Exchange

An exchange of Trust Notes — Series 2017-A by a Non-Resident Holder for rights to acquire TCPL Exchange Preferred Shares pursuant to an Automatic Exchange will result in a disposition of such Trust Notes — Series 2017-A for purposes of the Tax Act for proceeds equal to the fair market value of the TCPL Exchange Preferred Shares which the Non-Resident Holder has the right to acquire, not including any amount considered to be interest. A Non-Resident Holder will not generally be subject to tax under the Tax Act in respect of such disposition or the exercise of such rights to acquire TCPL Exchange Preferred Shares. The aggregate cost to a Non-Resident Holder of the TCPL Exchange Preferred Shares ultimately received on an Automatic Exchange will be equal to the fair market value thereof at the time received.

TCPL Exchange and Deferral Preferred Shares

Dividends

A dividend (including a deemed dividend) received on TCPL Exchange Preferred Shares or TCPL Deferral Preferred Shares by a Non-Resident Holder will generally be subject to Canadian non-resident withholding tax under the Tax Act at a rate of 25%, subject to any reduction in the rate of such withholding under the provisions of an income tax treaty or convention. For a Non-Resident Holder who is a resident of the United States and qualifies for the benefits of the *Canada- United States Tax Convention*, the rate of withholding will generally be reduced to 15% or such other applicable rate pursuant to the income tax treaty.

Dispositions

A Non-Resident Holder of TCPL Exchange Preferred Shares or TCPL Deferral Preferred Shares who disposes of or is deemed to dispose of TCPL Exchange Preferred Shares or TCPL Deferral Preferred Shares (other than as discussed under “*Redemption or Other Acquisition by TCPL*”) will not be subject to tax in respect of any capital gain realized on a disposition of TCPL Exchange Preferred Shares or TCPL Deferral Preferred Shares unless the TCPL Exchange Preferred Shares or TCPL Deferral Preferred Shares constitute “taxable Canadian property” (as defined in the Tax Act) to the Non-Resident Holder at the time of the disposition and the Non-Resident Holder is not entitled to relief under an applicable income tax treaty or convention. The TCPL Exchange Preferred Shares or TCPL Deferral Preferred Shares will be considered taxable Canadian property if such shares are not listed on a designated stock exchange and, at any time during the 60-month period immediately

preceding the disposition, the TCPL Exchange Preferred Shares or TCPL Deferral Preferred Shares derived (directly or indirectly) more than 50% of their fair market value from real or immovable property situated in Canada, Canadian resource properties, timber resource properties or options or interests in respect of any such property, all as defined for the purposes of the Tax Act.

If the TCPL Exchange Preferred Shares or TCPL Deferral Preferred Shares are considered taxable Canadian property to the Non-Resident Holder, a disposition or deemed disposition of such TCPL Exchange Preferred Shares or TCPL Deferral Preferred Shares (other than as discussed under “*Redemption or Other Acquisition by TCPL*”) will generally give rise to a capital gain (or a capital loss) equal to the amount by which the proceeds of disposition of such TCPL Exchange Preferred Shares or TCPL Deferral Preferred Shares, net of any reasonable costs of disposition, exceed (or are less than) the adjusted cost base of such TCPL Exchange Preferred Shares or TCPL Deferral Preferred Shares to the Non-Resident Holder. Generally, one half of any such capital gain must be included in the Non-Resident Holder’s income for that year and one half of any such capital loss must be deducted against taxable capital gains realized in that year from dispositions of taxable Canadian property. Certain excess allowable capital losses from the dispositions of taxable Canadian property may be claimed in any of the three preceding taxation years or any subsequent taxation year subject to the rules contained in the Tax Act.

An applicable income tax treaty or convention may apply to exempt a Non-Resident Holder from tax under the Tax Act in respect of a disposition of TCPL Exchange Preferred Shares or TCPL Deferral Preferred Shares, as the case may be, notwithstanding that such shares may constitute taxable Canadian property.

Redemption or Other Acquisition by TCPL

If TCPL redeems for cash or otherwise acquires the TCPL Exchange Preferred Shares or TCPL Deferral Preferred Shares, other than by a purchase in the manner in which shares are normally purchased by a member of the public in the open market, the Non-Resident Holder will be deemed to have received a dividend equal to the amount, if any, paid by TCPL in excess of the paid-up capital of such shares for purposes of the Tax Act at such time. Such deemed dividend will be subject to the treatment described above under “*Dividends*”. The difference between the amount paid and the amount of the deemed dividend will be treated as proceeds of disposition for the purposes of computing the capital gain or capital loss arising on a disposition of such shares. In the case of a corporate shareholder, it is possible that in certain circumstances all or part of the amount so deemed to be a dividend may be treated as proceeds of disposition and not as a dividend.

CERTAIN U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following is a general discussion of the material U.S. federal income tax considerations relating to the purchase, ownership and disposition of the Trust Notes — Series 2017-A. Except where noted, this discussion only applies to Trust Notes — Series 2017-A that are held as capital assets by holders who purchase the Trust Notes — Series 2017-A upon their original issuance at their initial offering price. This discussion does not describe all of the material tax considerations that may be relevant to holders in light of their particular circumstances or to holders subject to special rules, such as certain financial institutions, insurance companies, tax-exempt entities, certain former citizens or residents of the United States, dealers and certain traders in securities, persons holding the Trust Notes — Series 2017-A as part of a hedge, straddle or other integrated transaction or persons whose functional currency is not the U.S. dollar. In addition, this discussion does not address the effect of any state, local, foreign or other tax laws or any U.S. federal estate, gift or alternative minimum tax considerations. This discussion is based on the Internal Revenue Code of 1986, as amended (the “Code”), administrative pronouncements, judicial decisions and final, temporary and proposed Treasury regulations, all as in effect on the date hereof, and all of which are subject to change or differing interpretations, possibly with retroactive effect, so as to result in U.S. federal income tax consequences different from those discussed below.

As used in this prospectus, the term “U.S. Holder” means a beneficial owner of Trust Notes — Series 2017-A that is for U.S. federal income tax purposes:

- an individual citizen or resident of the United States;
- a corporation (or other entity taxable as a corporation) created or organized in or under the laws of the United States, any state thereof or the District of Columbia;
- an estate the income of which is subject to U.S. federal income taxation regardless of its source; or
- a trust with respect to which (i) a court within the United States is able to exercise primary supervision over its administration and one or more U.S. persons have the authority to control all of its substantial decisions, or (ii) a valid election is in effect under applicable Treasury regulations to be treated as a U.S. person.

The term “Non-U.S. Holder” means a beneficial owner of Trust Notes — Series 2017-A that is not a U.S. Holder or a partnership (or other entity treated as a partnership for U.S. federal income tax purposes).

If a partnership (or other entity treated as a partnership for U.S. federal income tax purposes) holds Trust Notes — Series 2017-A, the tax treatment of the partnership and its partners will generally depend on the status of the partner and the activities of the partnership and its partners. If you are a partner in a partnership (or other entity that is treated as a partnership for U.S. federal income tax purposes), you should consult your own tax advisors regarding the U.S. federal income tax considerations of the purchase, ownership and disposition of Trust Notes — Series 2017-A.

Persons considering the purchase of Trust Notes — Series 2017-A should consult their own tax advisors regarding the U.S. federal income tax considerations relating to the purchase, ownership and disposition of Trust Notes — Series 2017-A in light of their particular circumstances, as well as the effect of any state, local, foreign or other tax laws.

Trust Notes — Series 2017-A

Characterization of the Notes

The characterization of instruments such as the Notes as debt or equity is based on a variety of factors, none of which are determinative. While the Company believes that the Notes should be treated as debt and intends to take that position, there is no certainty that the IRS or a court will agree with that position. If the Notes were treated as equity then the holders would be treated as owning an interest in the Trust. Because the Trust will be a pass-through for U.S. federal income tax purposes the holders would be allocated income from the property owned by the Trust in lieu of the treatment described below. Thus, the holders would recognize dividend income to the extent that the Trust receives dividends. The treatment of such dividend income is discussed below.

Interest on the Trust Notes — Series 2017-A

Under applicable Treasury regulations, the possibility that interest on the Trust Notes — Series 2017-A might be deferred could result in the Trust Notes — Series 2017-A being treated as issued with original issue discount (“OID”), notwithstanding that the Trust Notes — Series 2017-A are issued at par, unless the likelihood of such deferral is remote. We believe that the likelihood of interest deferral on the Trust Notes — Series 2017-A is remote within the meaning of the Treasury regulations and therefore that the possibility of such deferral will not result in the Trust Notes — Series 2017-A being treated as issued with OID. Based on the foregoing, we believe that, although the matter is not free from doubt, the Trust Notes — Series 2017-A will not be considered to be issued with OID. Accordingly, interest paid on the Trust Notes — Series 2017-A will be taxable to a U.S. Holder as

ordinary interest income at the time it accrues or is received in accordance with such U.S. Holder's method of accounting for U.S. federal income tax purposes. Interest on Trust Notes — Series 2017-A will be treated as arising from foreign sources for foreign tax credit purposes. The rules relating to foreign tax credits and the timing thereof are complex. U.S. Holders should consult their own tax advisers regarding the availability of a foreign tax credit and the application of the foreign tax credit limitations to their particular circumstances.

However, there can be no assurance that the IRS or a court will agree with this position. If the possibility of interest deferral were determined not to be remote, the Trust Notes — Series 2017-A would be treated as issued with OID at the time of issuance and all stated interest would be treated as OID. In such case, a U.S. Holder would be required to include stated interest in income as it accrues, regardless of its method of accounting, using a constant yield method, and actual cash payments of interest on the Trust Notes — Series 2017-A would not be reported as taxable income.

Further, during any deferral period, the Trust Notes — Series 2017-A will be treated as issued with OID at the time of such deferral and all stated interest due after such deferral will be treated as OID. Consequently, a U.S. Holder of Trust Notes — Series 2017-A would be required to include OID in its gross income in the manner described above even though the Trust would not make any actual cash payments to holders of Trust Notes — Series 2017-A during a deferral period.

Dispositions

Upon the sale, exchange, redemption or retirement of a note, a U.S. Holder will generally recognize gain or loss equal to the difference between the amount realized (less any accrued interest not previously included in the U.S. Holder's income, which will be taxable as ordinary income) on the sale, exchange, redemption or retirement and such U.S. Holder's adjusted tax basis in the note. Assuming that we do not exercise our option to require deferral of payment of interest on the Trust Notes — Series 2017-A and that a Deferral Event does not otherwise occur and that the Trust Notes — Series 2017-A are not deemed to be issued with OID, a U.S. Holder's adjusted tax basis in the Trust Notes — Series 2017-A generally will be its initial purchase price. If the Trust Notes — Series 2017-A are deemed to be issued with OID, a U.S. Holder's tax basis in the Trust Notes — Series 2017-A generally will be its initial purchase price, increased by OID previously includible in that U.S. Holder's gross income to the date of disposition and decreased by payments received on the Trust Notes — Series 2017-A since and including the date that the Trust Notes — Series 2017-A were deemed to be issued with OID. That gain or loss generally will be capital gain or loss and generally will be long-term capital gain or loss if the Trust Notes — Series 2017-A have been held for more than one year. A U.S. Holder that is an individual is generally entitled to preferential treatment for net long-term capital gains. The ability of a U.S. Holder to deduct capital losses is limited. Gain or loss recognized by a U.S. Holder on a sale or other disposition of Trust Notes — Series 2017-A generally will be U.S. source gain or loss for foreign tax credit purposes.

Automatic Exchange

The exchange of Trust Notes — Series 2017-A for TCPL Exchange Shares pursuant to the Automatic Exchange should be treated as a tax free recapitalization for U.S. federal income tax purposes. Thus, no income, gain or loss will be recognized on the exchange except to the extent that there is accrued but unpaid interest at the time of the exchange. Any TCPL Exchange Shares will be treated as first being received for the accrued but unpaid interest and the remainder will be treated as received in exchange for the Trust Notes — Series 2017-A. The holding period for the TCPL Exchange Shares received in the exchange will include the holding period for the Trust Notes — Series 2017-A.

Deferral Note Subscription

The acquisition of Deferral Preferred Shares upon the occurrence of a Deferral Event will be treated as a purchase of the Deferral Preferred Shares for an amount equal to the interest income that was deferred with respect to such Deferral Event.

TCPL Exchange and Deferral Preferred Shares

Dividends

U.S. Holders of TCPL Exchange and Deferral Preferred Shares will include in gross income the gross amount of any distributions paid, before reduction for Canadian withholding taxes, by TCPL out of its current or accumulated earnings and profits, as determined for U.S. federal income tax purposes, as dividend income when the dividend is actually or constructively received by the U.S. Holder. Distributions in excess of current and accumulated earnings and profits, as determined for U.S. federal income tax purposes, will be treated as a return of capital to the extent of the U.S. Holder's basis in its TCPL Exchange and Deferral Preferred Shares and thereafter as capital gain.

Currently, dividends paid by a "qualified foreign corporation" to individual U.S. Holders who also meet certain holding period requirements will be taxable at a maximum tax rate of 20%. TCPL expects that it will constitute a qualified foreign corporation for U.S. federal income tax purposes and that distributions it makes to individual U.S. Holders that are treated as dividends for U.S. federal income tax purposes will be treated as qualified dividend income eligible for such reduced maximum rates, provided the applicable holding period requirements are met. If distributions by TCPL do not qualify for this reduced maximum rate, U.S. Holders will be subject to tax on such distributions at ordinary income rates.

Distributions by TCPL that are treated as dividends for U.S. federal income tax purposes generally will not be eligible for the dividends-received deduction generally allowed to U.S. corporations in respect of dividends received from certain other corporations. The amount of such distributions included in income of a U.S. Holder of TCPL Exchange Preferred Shares or TCPL Deferral Preferred Shares will be the U.S. dollar value of the Canadian dollar payments made, determined at the spot Canadian dollar/U.S. dollar exchange rate on the date such distribution is included in the income of the U.S. Holder, regardless of whether the payment is in fact converted into U.S. dollars. Generally, any gain or loss resulting from currency exchange fluctuations during the period from the date such a distribution is included in income to the date such distribution is converted into U.S. dollars will be treated as ordinary income or loss and will not be eligible for the special tax rate applicable to qualified dividend income. Such gain or loss will generally be income from sources within the U.S. for foreign tax credit limitation purposes.

Distributions by TCPL that are treated as dividends for U.S. federal income tax purposes will be income from sources outside the U.S. for foreign tax credit limitation purposes. Depending on the U.S. Holder's circumstances, such dividends may be "passive category" or "general category" income for foreign tax credit limitation purposes. Subject to certain limitations, Canadian tax withheld with respect to distributions by TCPL to a U.S. Holder of TCPL Deferral Preferred Shares and paid over to Canada will generally be creditable against the U.S. Holder's U.S. federal income tax liability. As discussed above, withholding of Canadian tax is imposed at a 25% rate (reduced to 15% for recipients that are residents of the U.S. eligible for benefits under the Canada-United States Tax Convention) both on cash and non-cash distributions by TCPL to persons that are not Canadian residents. However, as any non-cash distributions by TCPL generally will not be included in income for U.S. federal income tax purposes, such Canadian tax withholding may exceed a U.S. Holder's allowable foreign tax credit for the taxable year of the distribution. To the extent a refund of the tax withheld is available to a U.S. Holder under the laws of Canada or under the income tax treaty between the U.S. and Canada, the amount of tax withheld that is refundable will not be eligible for credit against the U.S. Holder's

U.S. federal income tax liability, whether or not the refund is actually obtained. The foreign tax credit limitation rules are complex and dependent on the specific factual circumstances particular to each U.S. Holder of TCPL Exchange Preferred Shares or TCPL Deferral Preferred Shares. Consequently, each U.S. Holder of TCPL Exchange Preferred Shares or TCPL Deferral Preferred Shares should consult its tax advisor as to the U.S. federal income tax consequences relevant to such U.S. Holder.

Dispositions

A U.S. Holder of TCPL Exchange Preferred Shares or TCPL Deferral Preferred Shares that sells or otherwise disposes of TCPL Exchange Preferred Shares or TCPL Deferral Preferred Shares, as applicable, generally will recognize capital gain or loss for U.S. federal income tax purposes equal to the difference between the U.S. dollar value of the amount realized and the holder's tax basis, determined in U.S. dollars, in the TCPL Exchange Preferred Shares or TCPL Deferral Preferred Shares. Any capital gain or loss generally will be long-term capital gain or loss if the U.S. Holder had a holding period for the TCPL Deferral Preferred Shares of more than one year at the time of the sale or other disposition. Long-term capital gain recognized by an individual generally is subject to a maximum U.S. federal income tax rate of 20%. Other capital gains generally are subject to a maximum U.S. federal income tax rate of 39.6%. The deductibility of capital losses is subject to limitations. Gain realized by a U.S. Holder from a sale or other disposition of TCPL Exchange Preferred Shares or TCPL Deferral Preferred Shares will generally be treated as income from U.S. sources for foreign tax credit limitation purposes.

Redemption or Other Acquisition by TCPL

A redemption of TCPL Exchange Preferred Shares or TCPL Deferral Preferred Shares will be treated under section 302 of the Code as a dividend to the extent of current and accumulated earnings and profits, unless the redemption satisfies the test set forth in section 302(b) enabling the redemption to be treated as a sale or exchange. The redemption will satisfy this test only if it (1) is "substantially disproportionate," (2) constitutes a "complete termination of the holder's stock interest" in TCPL or (3) is "not essentially equivalent to a dividend," each within the meaning of section 302(b). In determining whether any of these tests are met, shares considered to be owned by the U.S. Person by reason of certain constructive ownership rules set forth in the Code, as well as shares actually owned, must generally be taken into account. Because the determination as to whether any of the alternative tests of section 302(b) of the Code is satisfied with respect to a particular holder of TCPL Exchange Preferred Shares or TCPL Deferral Preferred Shares will depend on the facts and circumstances as of the time the determination is made, U.S. Holders are advised to consult their own tax advisors to determine their tax treatment in light of their own particular investment circumstances.

Medicare Tax

Recently enacted legislation generally imposes a tax of 3.8% on the "net investment income" of certain individuals, trusts and estates. Among other items, net investment income generally includes gross income from interest and dividend as well as net gain attributable to the disposition of certain property, less certain deductions. U.S. Holders should consult their own tax advisors regarding the possible implications of this legislation in their particular circumstances.

Reporting and Backup Withholding

A U.S. Holder that is an exempt recipient will not be subject to information reporting requirements with respect to payments of principal or interest on, and proceeds from the sale, retirement or other taxable disposition of, Trust Notes — Series 2017-A or dividends received with respect to the TCPL Exchange Preferred Shares or TCPL Deferral Preferred Shares or proceeds from the disposition of those shares. A U.S. Holder that is not an exempt recipient may be subject to

information reporting requirements. Such U.S. Holder can satisfy this requirement by providing the issuer or its paying agent with a duly completed and executed copy of an IRS Form W-9 or a substantially similar form. In general, individuals are not exempt recipients, whereas corporations and certain other entities generally are exempt recipients. If a U.S. Holder subject to the information reporting requirement fails to provide the Trust or its paying agent with a duly completed and executed copy of an IRS Form W-9 or a substantially similar form, or the information on such form, including the U.S. Holder's U.S. taxpayer identification number, is incorrect, or the IRS notifies the Trust or its paying agent that the U.S. Holder has failed to report or under-reported payments of interest or dividends, the Trust or its paying agent will be required to withhold a portion of certain payments it makes to the U.S. Holder and pay to the IRS as a backup against the U.S. Holder's potential U.S. federal income tax liability. Backup withholding is not an additional tax and will be credited against the U.S. Holder's U.S. federal income tax liability or refunded to the U.S. Holder, provided that the holder timely files a tax return with the IRS. Prospective purchasers should consult their own tax advisers regarding the applicability of the information reporting and backup withholding rules to them.

The above summary is not intended to constitute a complete analysis of all U.S. income tax consequences relating to U.S. Holders of their acquisition, ownership and disposition of the Trust Notes — Series 2017-A. U.S. Holders should consult their own tax advisers concerning the tax consequences to them of the acquisition, ownership and disposition of the Trust Notes — Series 2017-A in light of their particular circumstances under the U.S. federal, state, local, foreign and other laws.

CERTAIN ERISA MATTERS

Subject to the restrictions described below, the Trust Notes — Series 2017-A may be held by (i) plans that are subject to the fiduciary responsibility provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”) or the provisions of Section 4975 of the Internal Revenue Code of 1986, as amended (the “Code”) and entities deemed to hold plan assets of the foregoing, such plans and entities referred to herein as “Plans,” and (ii) plans that are subject to provisions under federal, state or other laws, referred to as “Similar Law,” that are substantially similar to the fiduciary responsibility provisions of ERISA or the prohibited transaction provisions of ERISA and/or Section 4975 of the Code, such plans referred to herein as “Similar Law Plans.” A fiduciary of any Plan or Similar Law Plan must determine that the purchase and holding of the Trust Notes — Series 2017-A or an interest therein is consistent with its fiduciary duties and will not constitute or result in a non-exempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code, or a violation under any applicable Similar Law. Section 406 of ERISA and Section 4975 of the Code prohibit certain transactions involving the assets of Plans (as well as those plans that are not subject to ERISA but which are subject to Section 4975 of the Code) and certain persons (referred to as “parties in interest” or “disqualified persons”) having certain relationships to such Plans, unless a statutory or administrative exemption is applicable to the transaction. There can be no assurance that any administrative or statutory exemption will be available with respect to any particular transaction involving the Trust Notes — Series 2017-A. A party in interest or disqualified person who engages in a prohibited transaction may be subject to excise taxes and other penalties and liabilities under ERISA and Section 4975 of the Code.

Under a regulation issued by the U.S. Department of Labor, 29 CFR Section 2510.3-101 (as effectively modified by Section 3(42) of ERISA) (the “Regulation”), the assets of the Trust would be treated as plan assets of a Plan for the purposes of ERISA and the Code only if the Plan acquired an “equity interest” in the Trust and none of the exceptions to “plan assets” contained in the Regulation was applicable. An equity interest is defined under the Regulation as an interest other than an instrument which is treated as indebtedness under applicable local law and which has no substantial equity features. Although there is little guidance on the subject, the Company believes that, at the time

of their issuance, the Trust Notes — Series 2017-A should be treated as indebtedness of the Trust without substantial equity features for purposes of the Regulation, but there is no certainty that the U.S. Department of Labor or a court would agree with that position. This determination is based upon the traditional debt features of the Trust Notes — Series 2017-A, including the reasonable expectation of purchasers of the Trust Notes — Series 2017-A that the notes will be repaid when due. The debt treatment of the Trust Notes — Series 2017-A for ERISA purposes could change subsequent to their issuance if the Trust incurs losses. In the event of a withdrawal or downgrade to below investment grade of the rating of the Trust Notes — Series 2017-A or a characterization of the Trust Notes — Series 2017-A as other than indebtedness under applicable local law, the subsequent acquisition of the Trust Notes — Series 2017-A or interest therein by a Plan is prohibited.

However, without regard to whether the Trust Notes — Series 2017-A are treated as an equity interest in the Trust for purposes of the Regulation, unless a statutory or administrative exemption is applicable, the purchase and, in certain cases, the holding of securities by a Plan with respect to which (i) we or any of our affiliates or (ii) any underwriter, dealer or agent selling the securities or any of their affiliates is a “party in interest” or “disqualified person” could constitute a prohibited transaction. Accordingly, each purchaser and subsequent transferee of the Trust Notes — Series 2017-A or any interest therein will be deemed to have represented by its purchase and holding thereof that either (i) it is not, and is not acting on behalf of, any Plan or Similar Law Plan or (ii) its purchase, holding, redemption or exchange of the Trust Notes — Series 2017-A or any interest therein will not constitute or result in a nonexempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code because such purchaser or holder relied on an available prohibited transaction exemption, all of the conditions of which are satisfied, or is not in violation of any applicable Similar Law. Neither Plans nor Similar Law Plans may acquire the Notes at any time that the ratings on the Trust Notes — Series 2017-A are below investment grade or the Trust Notes — Series 2017-A have been characterized as other than indebtedness for applicable local law purposes.

The sale of any securities to a Plan or Similar Law Plan is in no respect a representation by us, or by any underwriter, dealer or agent selling the securities, that such an investment meets all of the legal requirements with respect to investments by any particular Plan or Similar Law Plan or that such an investment is appropriate for any particular Plan or Similar Law Plan.

Total	U.S.\$1,500,000,000

The terms of the offering were established through negotiations between the Trust, TCPL and the Underwriters.

The Underwriting Agreement provides that the obligations of the several Underwriters to purchase the Trust Notes — Series 2017-A offered hereby are subject to certain conditions precedent and that the Underwriters will purchase all of the Trust Notes — Series 2017-A offered by this prospectus if any of the Trust Notes — Series 2017-A are purchased.

The obligations of the Underwriters under the Underwriting Agreement may be terminated at their discretion, subject to certain conditions, following a suspension of trading on certain stock exchanges, a banking moratorium, an outbreak or escalation of hostilities or a declaration by the U.S. or Canada of a national emergency or war, or other calamity or crisis affecting financial markets such as to make it, in the sole judgment of the representatives of the Underwriters impractical or inadvisable to proceed with the offering or delivery of the Trust Notes — Series 2017-A as contemplated by this prospectus, and upon the occurrence of certain stated events.

The Trust and TCPL have been advised by the representatives of the Underwriters that the Underwriters propose to offer the Trust Notes — Series 2017-A to the public at the public offering price set forth on the cover page of this prospectus and to dealers at a price that represents a concession not in excess of 0.60% of the principal amount of the Trust Notes — Series 2017-A. The Underwriters may allow, and these dealers may re-allow, a concession of not more than 0.25% of the principal amount of the Trust Notes — Series 2017-A to other dealers. After the initial public offering the representatives of the Underwriters may change the offering prices and other selling terms. Thus, the prices paid for Trust Notes — Series 2017-A may vary from purchaser to purchaser and may vary during the period of distribution. The compensation realized by the Underwriters will be either increased or decreased by the amount that the aggregate price paid by purchasers of the Trust Notes — Series 2017-A differs from the gross proceeds paid to the Trust by the Underwriters.

We estimate the Trust's share of the total expenses of this offering, excluding underwriting commissions, will be approximately U.S.\$2,500,000.

The Trust and TCPL have agreed to indemnify the Underwriters against certain liabilities, including liabilities under the Securities Act, and to contribute to payments the Underwriters may be required to make in respect of any of these liabilities.

The representatives of the Underwriters have advised the Trust and TCPL that the Underwriters do not intend to confirm sales to any account over which they exercise discretionary authority.

The Trust Notes — Series 2017-A are a new issue of securities with no established trading market. The Trust Notes — Series 2017-A will not be listed on any securities exchange or on any automated dealer quotation system. The Underwriters may make a market in the Trust Notes — Series 2017-A after completion of the Offering, but will not be obligated to do so and may discontinue any market-making activities at any time without notice. No assurance can be given as to the liquidity of the trading market for the Trust Notes — Series 2017-A or that an active public market for the Trust Notes — Series 2017-A will develop. If an active public trading market for the Trust Notes — Series 2017-A does not develop, the market price and liquidity of such Trust Notes — Series 2017-A may be adversely affected.

In connection with the Offering, the Underwriters may purchase and sell the Trust Notes — Series 2017-A in the open market. These transactions may include short sales, purchases to cover positions created by short sales and stabilizing transactions.

Short sales involve the sale by the Underwriters of a greater principal amount of Trust Notes — Series 2017-A than they are required to purchase in the Offering. The Underwriters may close out any short position by purchasing Trust Notes — Series 2017-A in the open market. A short position is more likely to be created if the Underwriters are concerned that there may be downward pressure on the price of the Trust Notes — Series 2017-A in the open market prior to the completion of the Offering.

Stabilizing transactions consist of various bids for or purchases of the Trust Notes — Series 2017-A made by the Underwriters in the open market prior to the completion of the Offering.

The Underwriters may impose a penalty bid. This occurs when a particular underwriter repays to the other Underwriters a portion of the underwriting commission received by it because the representatives of the Underwriters have repurchased Trust Notes — Series 2017-A sold by or for the account of that Underwriter in stabilizing or short covering transactions.

Purchases to cover short positions and stabilizing transactions may have the effect of preventing or slowing a decline in the market price of the Trust Notes — Series 2017-A. Additionally, these purchases, along with the imposition of the penalty bid, may stabilize, maintain or otherwise affect the market price of the Trust Notes — Series 2017-A.

As a result, the price of the Trust Notes — Series 2017-A may be higher than the price that might otherwise exist in the open market. These transactions may be effected in the over-the-counter market or otherwise.

Certain of the Underwriters and their respective affiliates have, from time to time, performed, and in the future may perform, commercial and investment banking and advisory services for us for which they have received or will receive customary fees and expenses. The Underwriters may, from time to time, engage in transactions with and perform services for us in the ordinary course of their business.

Under applicable securities legislation in the Province of Alberta and Ontario, TCPL may be considered to be a connected issuer of Deutsche Bank Securities Inc., J.P. Morgan Securities LLC, HSBC Securities (USA) Inc., Citigroup Global Markets Inc., Credit Suisse Securities (USA) LLC, MUFG Securities Americas Inc., SMBC Nikko Securities America, Inc., Mizuho Securities USA Inc.,

Credit Agricole Securities (USA) Inc., Barclays Capital Inc., Merrill Lynch, Pierce, Fenner & Smith Incorporated and Wells Fargo Securities LLC, each of which is, directly or indirectly, a subsidiary or affiliate of a bank or other financial institution which is a lender (collectively, the “Lenders”) to TCPL or its affiliates under certain unsecured credit facilities (collectively, the “Facilities”). The Facilities consist of the following committed syndicated facilities: our TCPL and TransCanada PipeLine USA Ltd. (“TC USA Ltd.”) U.S.\$3.2 billion bridge credit agreement (“Acquisition Credit Facilities”); our TCPL \$3.0 billion amended and restated credit agreement; our TCPL U.S.\$2.0 billion credit agreement; TC USA Ltd. U.S.\$1.0 billion credit agreement; a TransCanada American Investments Ltd. U.S.\$500 million credit agreement; a TC PipeLines, LP U.S.\$500 million third amended and restated revolving credit agreement; TC PipeLines LP U.S.\$170 million term loan agreement; a TC PipeLines, LP U.S.\$500 million term loan agreement; CPG U.S.\$1 billion revolving credit agreement; and a Northern Border Pipeline Company U.S.\$200 million revolving amended and restated credit agreement, each as amended; and also consist of certain other demand bank facilities with aggregate commitments of approximately U.S.\$100 million. As of February 27, 2017, we had approximately \$4.5 billion outstanding under the Facilities. As of the date hereof, TCPL and its affiliates are in material compliance with all material terms of the agreements governing the Facilities and none of the Lenders has waived any material breach by TCPL or its affiliates of those agreements since the Facilities were established. TCPL’s financial position on a consolidated basis has not changed substantially and adversely since the indebtedness under the Facilities was incurred. None of the Lenders has been or will be involved in the decision to offer the Trust Notes — Series 2017-A and none has been or will be involved in the determination of the terms of any distribution of the Trust Notes — Series 2017-A.

As a consequence of their participation in the offering, the Underwriters will be entitled to share in the underwriting commissions relating to the offering of the Trust Notes — Series 2017-A. The decision to distribute the Trust Notes — Series 2017-A hereunder and the determination of the terms of this Offering were made through negotiations between the Trust, TCPL and the Underwriters. TCPL may have outstanding short term indebtedness owing to certain of the Underwriters and affiliates of such Underwriters, a portion of which TCPL may repay with the net proceeds from the sale of the 2017 TCPL Sub Notes. See “Use of Proceeds”. As a result, one or more of such Underwriters or their affiliates may receive more than 5% of the net proceeds from the offering of the Trust Notes — Series 2017-A in the form of the repayment of such indebtedness. Accordingly, the offering of the Trust Notes — Series 2017-A is being made pursuant to Rule 5121 of the Financial Industry Regulatory Authority, Inc. Pursuant to this rule, the appointment of a qualified independent underwriter is not necessary in connection with this offering, because the conditions of Rule 5121(a)(1)(C) are satisfied.

TRANSFER AGENT AND REGISTRAR AND EXCHANGE TRUSTEE

CST Trust Company will be appointed as transfer agent, registrar, Indenture Trustee and Exchange Trustee in respect of the Trust Notes — Series 2017-A. The Trust Notes — Series 2017-A will be issued in book-entry only form through the Clearing Agency. See "Description of the Trust Securities — Trust Notes — Series 2017-A — Book-Entry Only Form".

ENFORCEMENT OF CIVIL LIABILITIES

The Trust is organized and TCPL is incorporated in Canada. Some of the directors and officers of TCPL, and some of the experts named in this prospectus, are residents of Canada or otherwise reside outside the U.S., and all or a substantial portion of their assets, and a substantial portion of the assets of TCPL, are located outside the U.S. The Trust and TCPL have appointed an agent for service of process in the U.S., but it may be difficult for holders of the Trust Notes — Series 2017-A who reside in the U.S. to effect service within the U.S. upon those directors, officers and experts who are not residents of the U.S. It may also be difficult for holders of the Trust Notes — Series 2017-A who reside in the U.S. to realize in the U.S. upon judgments of courts of the U.S. predicated upon the civil liability of the Trust or TCPL and the civil liability of the directors and officers of TCPL and experts under U.S. federal securities laws.

The Trust and TCPL have been advised by their Canadian counsel, Blake, Cassels & Graydon LLP, that a judgment of a U.S. court predicated solely upon civil liability under U.S. federal securities laws would probably be enforceable in Canada if the U.S. court in which the judgment was obtained has a basis for jurisdiction in the matter that would be recognized by a Canadian court for the same purposes. The Trust and TCPL have also been advised by Blake, Cassels & Graydon LLP, however, that there is real doubt whether an action could be brought in Canada in the first instance on the basis of liability predicated solely upon U.S. federal securities laws.

The Trust and TCPL filed with the SEC, concurrently with their registration statement on Form F-10, an appointment of agent for service of process on Form F-X. Under the Form F-X, TCPL and the Trust appointed TransCanada PipeLine USA Ltd. as its agent for service of process in the U.S. in connection with any investigation or administrative proceeding conducted by the SEC, and any civil suit or action brought against or involving the Trust or TCPL in a U.S. court arising out of or related to or concerning an offering of securities under this prospectus.

PROMOTER

Under applicable Canadian securities laws, TCPL is the promoter of the Trust by reason of its taking the initiative in founding and organizing the Trust. TCPL will not receive any benefits, directly or indirectly, from the issuance of the Trust Notes — Series 2017-A other than as described in this prospectus. TCPL will sell the Trust Assets to the Trust. See “The Trust — Activities of the Trust”. TCPL will receive an administrative fee pursuant to the Administration Agreement.

EXEMPTION FROM NATIONAL INSTRUMENTS 44-101 AND 44-103

The Alberta Securities Commission, as principal regulator under the Process for Exemptive Relief Applications in Multiple Jurisdictions, and the Ontario Securities Commission, have granted relief to the Trust under the securities legislation of the Province of Alberta and Ontario as described below (the “Multiple Jurisdiction Exemptive Relief”). The Trust is exempted from the following Canadian short form prospectus distribution requirements in connection with offerings by the Trust from time to time of Trust Securities:

- (i) the qualification requirements of Part 2 of National Instrument 44-101 Short Form Prospectus Distributions (“NI 44-101”), such that the Trust is qualified to file a prospectus in the form of a short form prospectus; and
- (ii) the requirement in Section 2.8 of NI 44-101 to file a notice of intention to file a short form prospectus no fewer than 10 business days prior to the filing of the Trust’s first preliminary short form prospectus.

The Multiple Jurisdiction Exemptive Relief was granted based on the following conditions in respect of each offering by the Trust:

- (i) that TCPL remains the direct or indirect owner of all of the outstanding Voting Trust Units;
- (ii) that the Trust has minimal assets, operations, revenues or cash flows other than those related to acquiring, holding and administering assets which consist primarily of TCPL Sub Notes or issuing, administering or repaying Trust Notes;
- (iii) that the Trust, TCPL and the Trust Notes will meet the requirements of section 2.4 of NI 44-101, except for the requirement that the Trust Notes be non-convertible;
- (iv) that the features of the Assignment and Set-Off Agreement, as described in the Multiple Jurisdiction Exemptive Relief, apply, whether pursuant to the Assignment and Set-Off Agreement or pursuant to another similar agreement; and
- (v) that TCPL, as holder of the Voting Trust Units, will not propose changes to the terms and conditions of any outstanding Trust Notes offered and sold pursuant to a short form prospectus of the Trust filed in reliance on the Multiple Jurisdiction Exemptive Relief that would result in securities other than TCPL first preferred shares being issued in exchange for Trust Notes or as payment to a holder of Trust Notes.

In addition, the Trust requested relief from the Alberta Securities Commission from the requirement of paragraph 3.2(1)7.b of National Instrument 44-103 — Post-Receipt Pricing to include a prospectus certificate signed by each Underwriter with respect to the securities offered by this prospectus to the extent that paragraph 3.2(1)7.b would require a prospectus certificate from a party acting as underwriter outside Canada with respect to non-Canadian resident purchasers. The issuance of a receipt for this Prospectus will evidence the granting of the requested relief by the Alberta Securities Commission. No similar relief was requested from or granted by the Ontario Securities Commission, given that, in the view of the Trust, the Offering does not constitute a distribution in Ontario under applicable securities laws.

RATINGS

The Trust Notes — Series 2017-A have been given a preliminary rating of Baa2 by Moody's Investors Service, Inc. ("Moody's") which has a stable outlook on TCPL, and a preliminary rating of BBB by S&P which has a negative outlook on TCPL (S&P and Moody's each a "Rating Agency" and together the "Rating Agencies").

The Baa2 rating expected to be assigned by Moody's to the Trust Notes — Series 2017-A is the fourth highest rating of Moody's nine rating categories for long-term debt, which range from Aaa to Caa. Moody's appends numerical modifiers from 1 to 3 on its long-term debt ratings from Aa to Caa to indicate where the obligation ranks within a particular ranking category, with 1 being the highest. Obligations rated Baa are defined by Moody's as being medium-grade and subject to moderate credit risk and as such may possess certain speculative characteristics.

The BBB rating expected to be assigned by S&P to the Trust Notes — Series 2017-A is the fourth highest rating of S&P's ten rating categories for long-term debt, which range from AAA to D. Issues of debt securities rated BBB are judged by S&P to exhibit adequate protection parameters. However, adverse economic conditions or changing circumstances are more likely to lead to a weakened capacity of the obligor to meet its financial commitment on the obligation. The ratings from AA to CCC may be modified by the addition of a plus (+) or minus (-) sign to show relative standing within the major rating categories.

TCPL's issuer rating is A- by S&P with a negative outlook and A3 by Moody's with a stable outlook. Issuer credit ratings are intended to provide investors with an independent measure of credit quality of an issuer. The Rating Agencies' issuer ratings range from a high of AAA to a low of D for S&P's long-term issuer rating, and in the case of Moody's long-term issuer rating, from a high of Aaa to a low of C.

According to the S&P rating system, an issuer rated A has a strong capacity to meet its financial commitments but is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than issuers in the higher-rated categories. Ratings from AA through CCC may be modified by the addition of a plus (+) or minus (-) sign to show the relative standing within the major rating categories. The A- rating assigned to TCPL is in the third highest of eleven rating categories for long-term issuers.

According to the Moody's rating system, issuers rated A are considered upper medium grade and are subject to low credit risk. Numerical modifiers 1, 2 and 3 are applied to each rating classification from Aa through Caa, where a 1 would indicate a ranking in the higher end of the generic rating category and a 3 would indicate a rating in the lower end of the generic rating category. The A3 rating assigned to TCPL is in the third highest of nine rating categories for long-term issuers.

A Moody's rating outlook is an opinion regarding the likely rating direction over the medium term. Moody's rating outlooks fall into four categories: positive, negative, stable and developing. A stable outlook by Moody's indicates a low likelihood of a rating change over the medium term. An S&P ratings outlook assesses the potential direction of a long term credit rating over the intermediate term (typically, six months to two years). S&P rating outlooks fall into five categories: positive, negative, stable, developing and not meaningful. In determining a rating outlook, S&P gives consideration to any changes in the economic and/or fundamental business conditions. A negative outlook by S&P means the rating may be lowered over the intermediate term.

The credit ratings assigned to the Trust Notes — Series 2017-A are not recommendations to purchase, hold or sell the Trust Notes — Series 2017-A. The credit ratings do not address market price or suitability for a particular investor. The credit ratings assigned to the Trust Notes — Series 2017-A may not reflect the potential impact of all risks on the value of the Trust Notes — Series 2017-A. In addition, real or anticipated changes in the credit assigned to the Trust Notes — Series 2017-A will

generally affect the market value of the Trust Notes — Series 2017-A. There can be no assurances that these ratings will remain in effect for any given period of time or that the ratings will not be revised or withdrawn entirely in the future by Moody's or S&P if in their judgment circumstances so warrant.

The Trust will pay fees to each of the Rating Agencies for credit ratings provided on the Trust Notes — Series 2017-A. TCPL has paid fees to each of the Rating Agencies for credit ratings, including those provided on certain outstanding classes of securities of TCPL. Additional information relating to such ratings is included under the heading "Credit Ratings" in the Annual Information Form. Other than those payments made in respect of credit ratings mentioned above, no additional payments have been made to any of the Rating Agencies for any other services provided to TCPL or the Trust during the past two years.

STATUTORY RIGHTS OF WITHDRAWAL AND RESCISSION

Securities legislation in certain of the provinces and territories of Canada provides purchasers with the right to withdraw from an agreement to purchase securities. This right may be exercised within two business days after receipt or deemed receipt of a prospectus and any amendment. In several of the provinces and territories, securities legislation further provides a purchaser with remedies for rescission or, in some jurisdictions, damages where the prospectus and any amendment contains a misrepresentation or is not delivered to the purchaser, provided that such remedies for rescission or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province or territory. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province or territory for the particulars of these rights or consult with a legal adviser.
